I hope you pass them
the years. Love always
Paul Lofstrom

Walter Beldam

Hi.
What a year hub
Well I finally got
out of "carrying around" it
don't get to
talk about it. Have
a nice summer
and a good
doge pup
I am
ever and a
super sum-
mer
Love you
Lori

Bobbie,

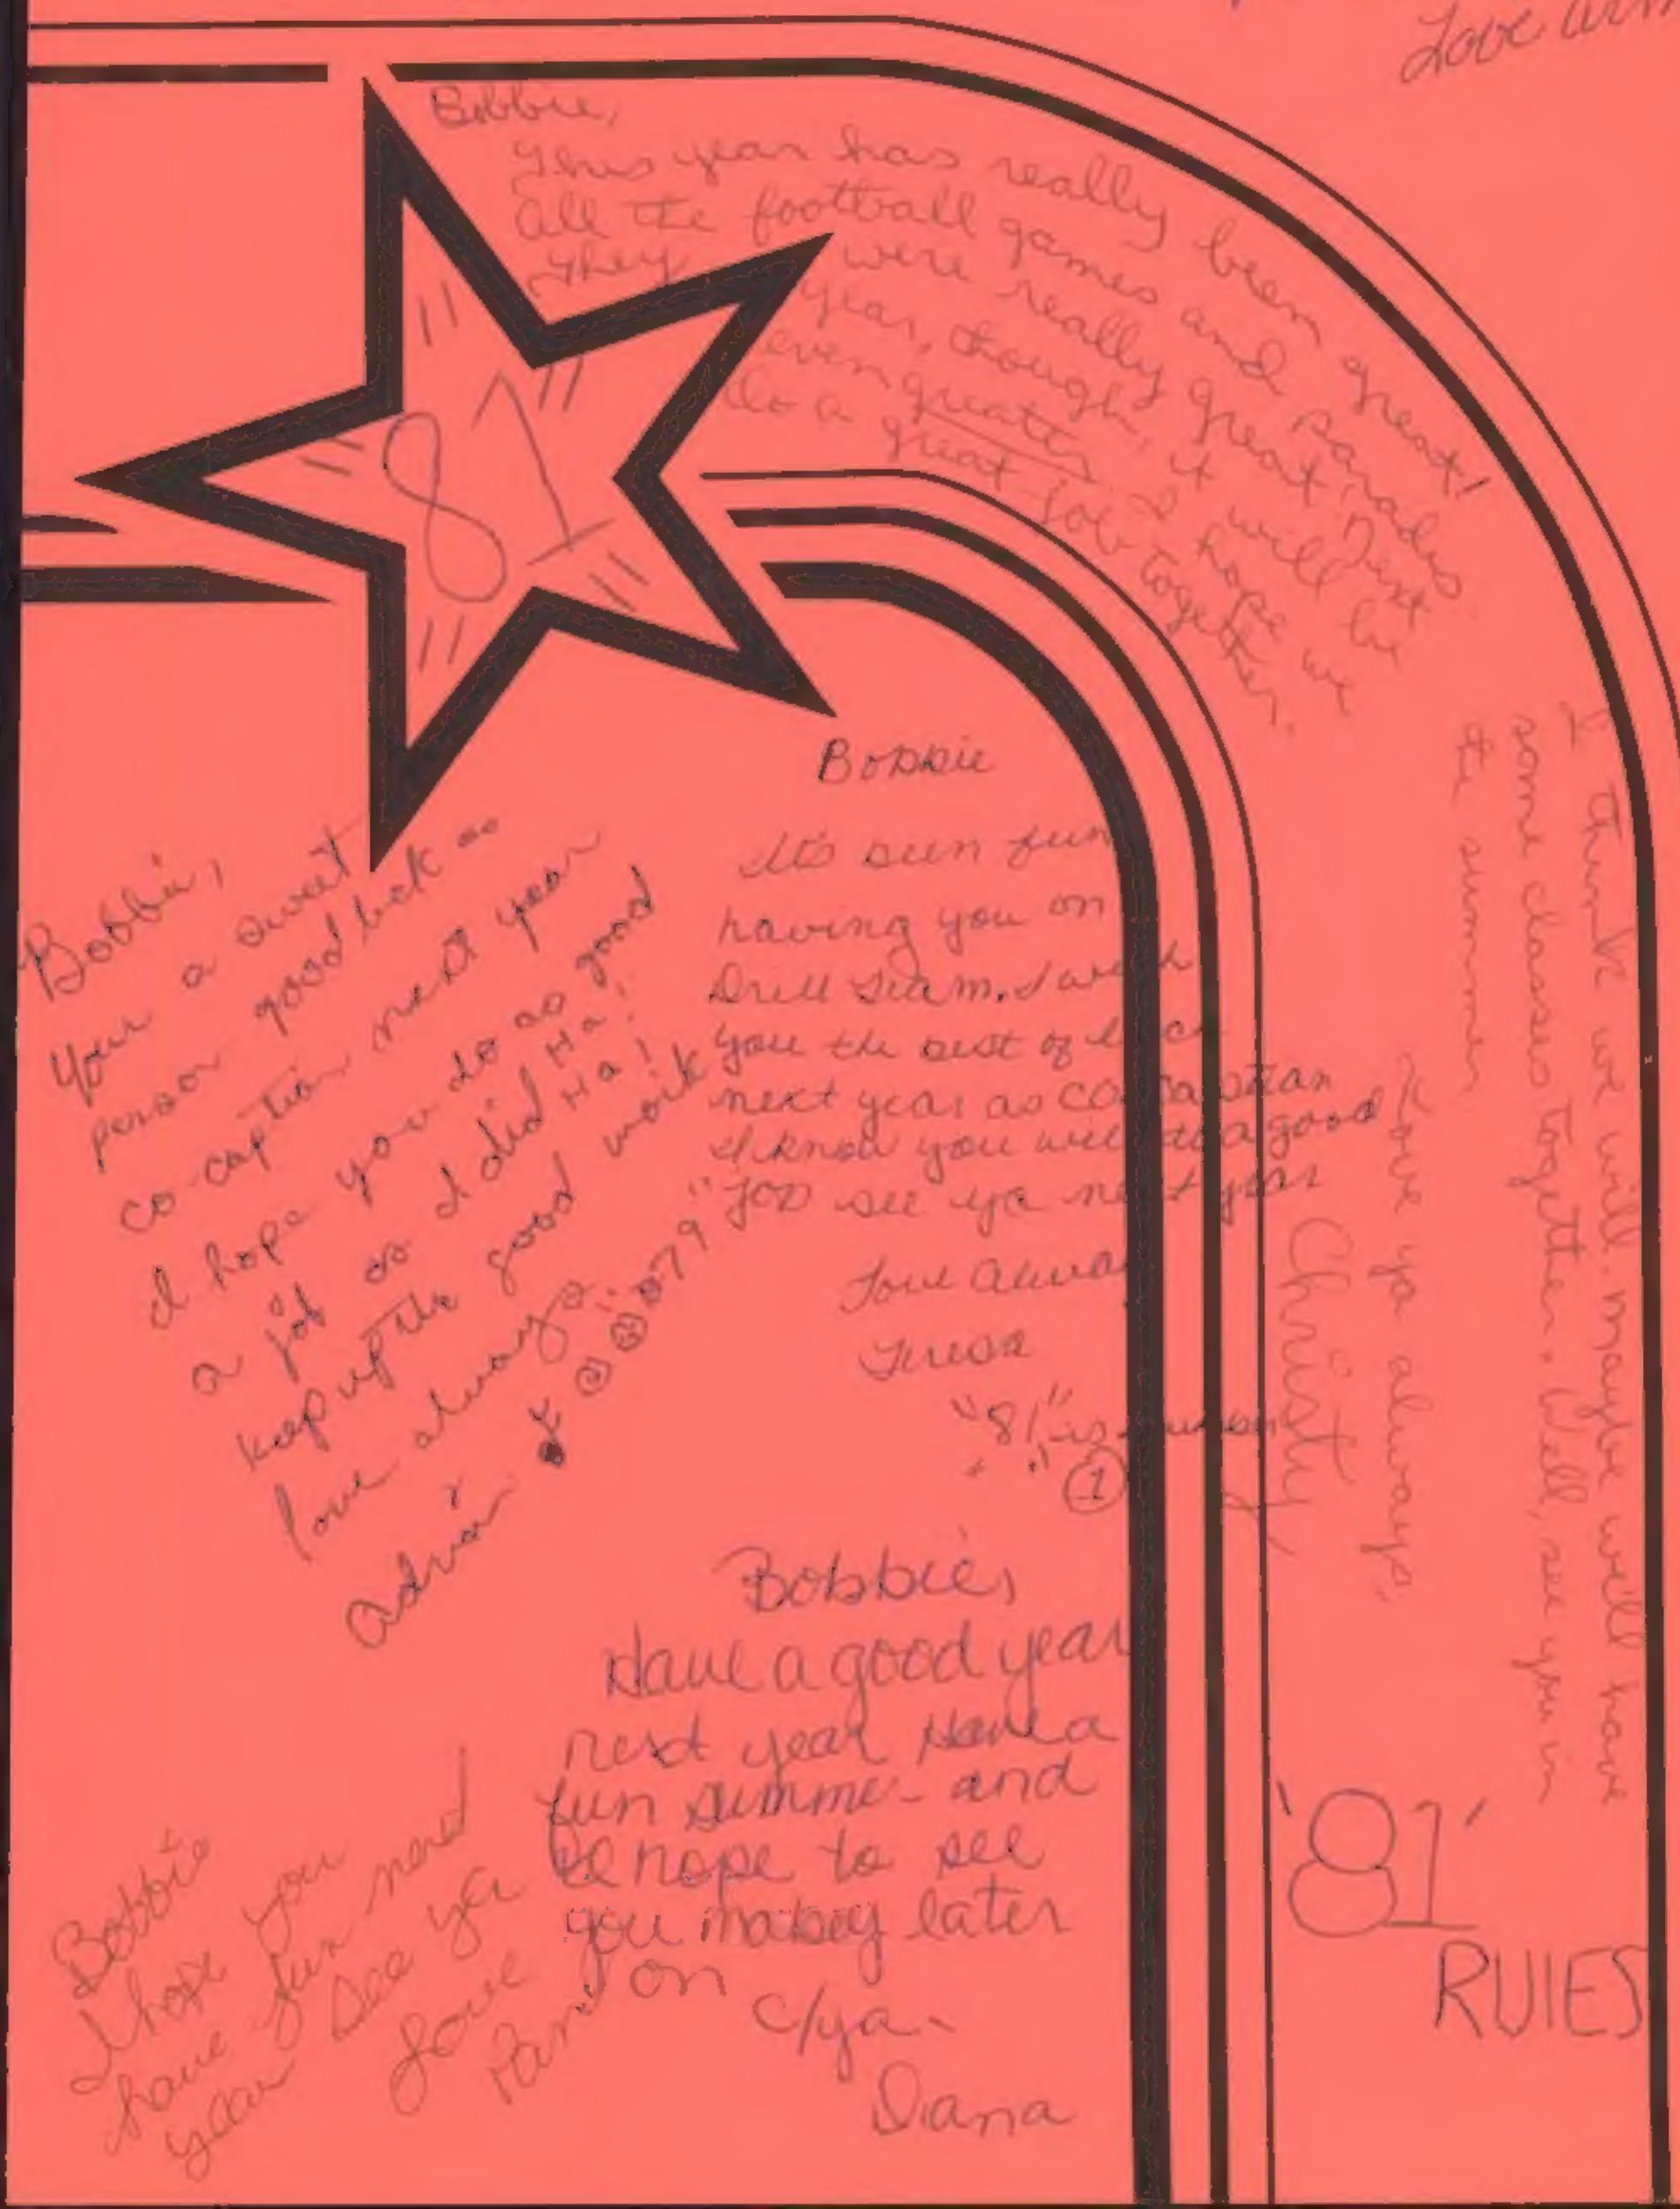

IT'S sure been
fun having you
in 5th. I hope we
can stay friends
- good luck down
the road! -

Bobbie
is a sweet
kid. I hope
you have fun
and a Captain
fun in the
summer. I was
in your class
last year

Bobbie really
had a super & nice
summer. I hope you
have a super summer.
Barbara

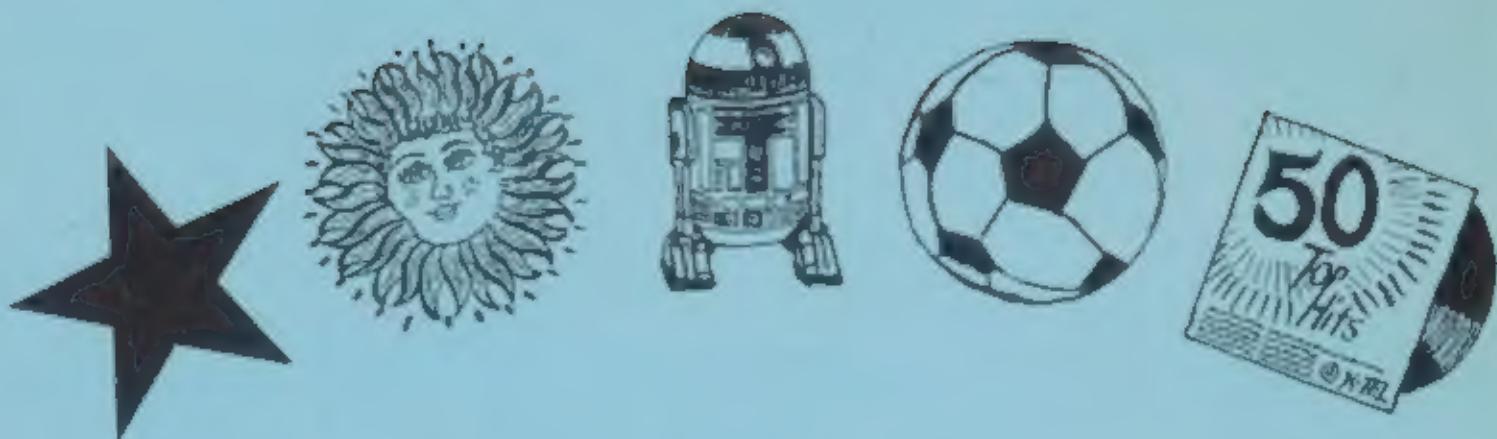

Barbara Burdett Chapman

The star. A wondrous birth.
It rightly inherits heaven's graces,
as it struggles to become its own.

Greater in number than their light,
the common people of the skies.
We are but a star to worlds
other than our own.

Bellflower High School Treasure Chest Vol. XXVI

The sun sets
like a great
falling star,
reflecting its
gleams of glory.

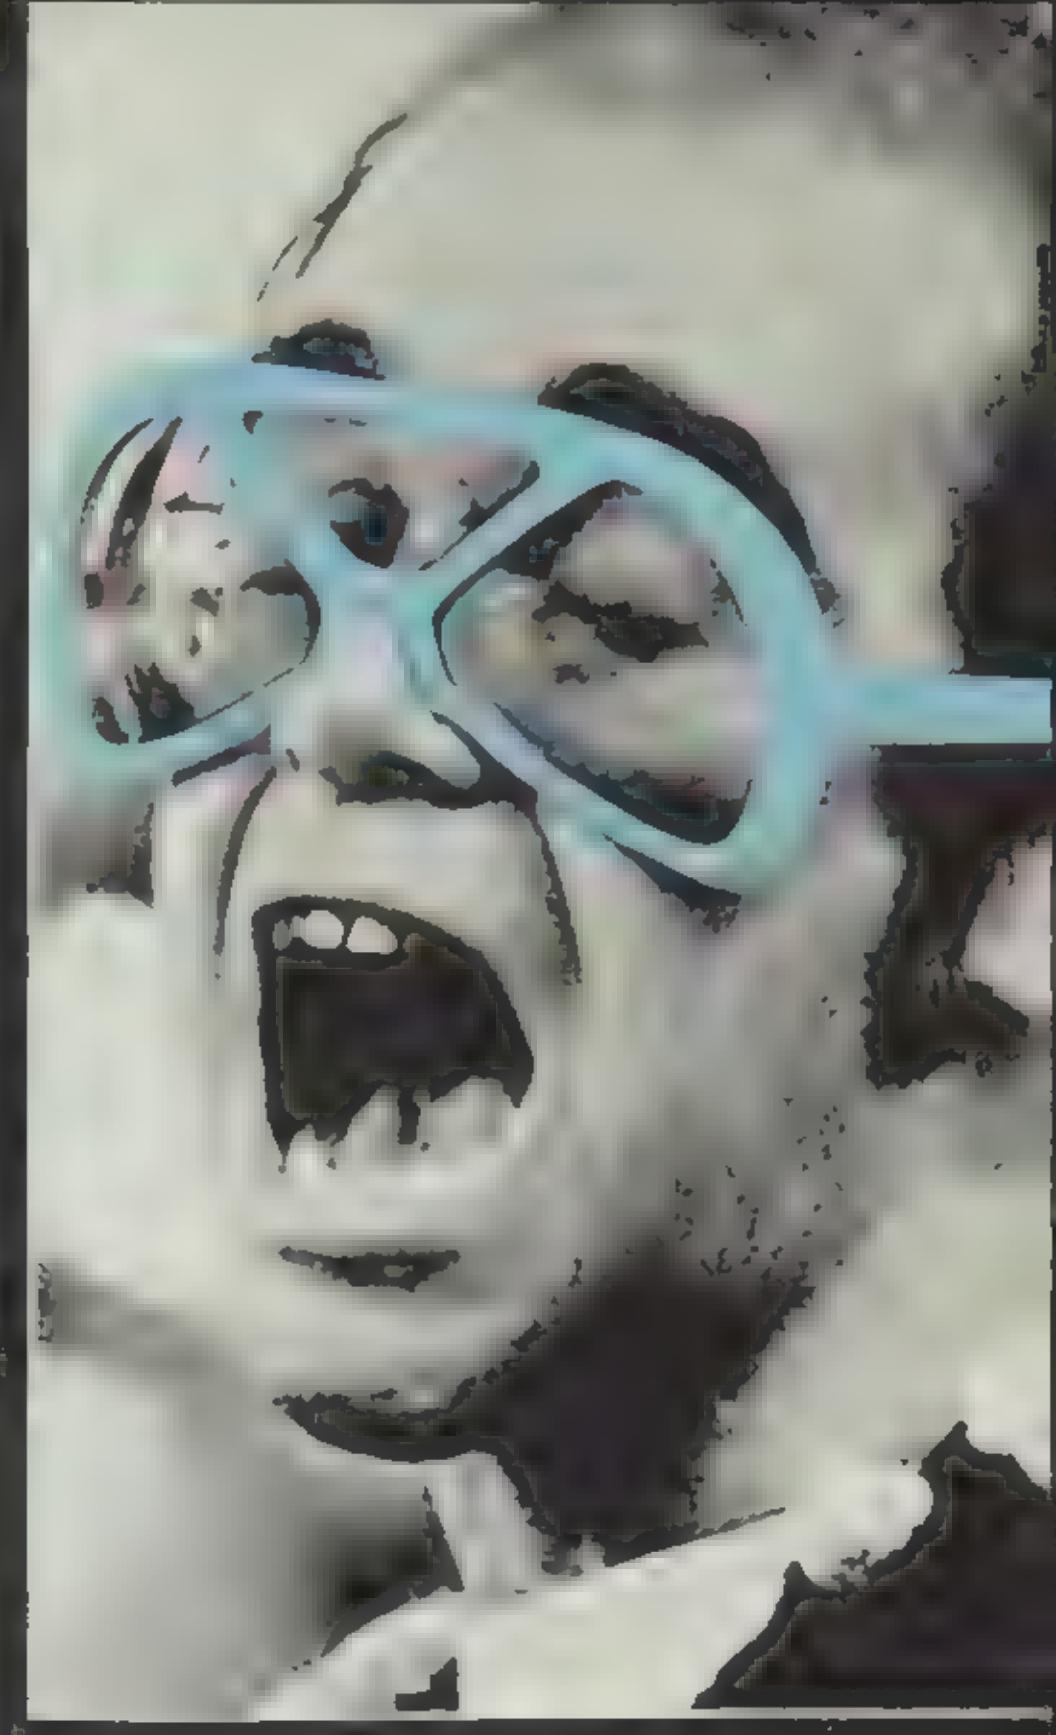

Man's eternal conflict
with the stars—
to conquer the tameless depth
of Heaven above.

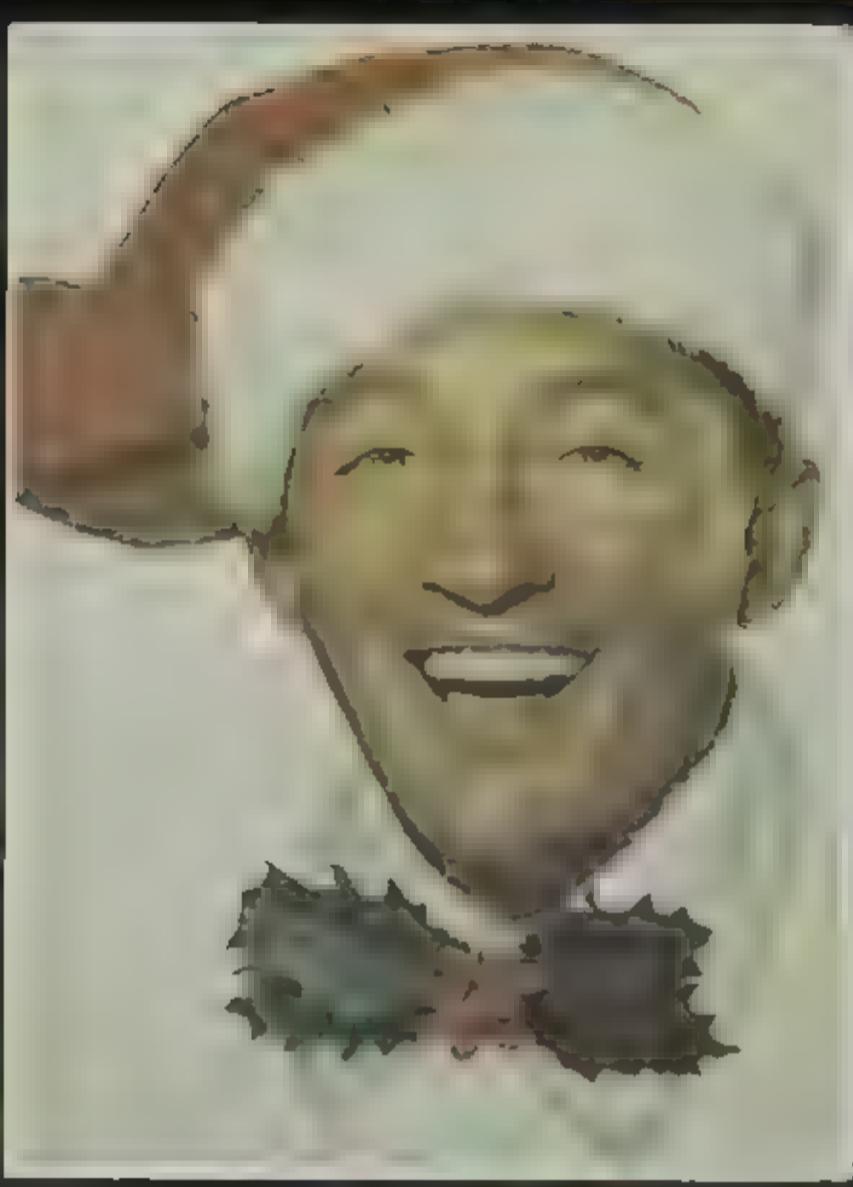

Emerging victorious,
man evolves to his own
sense of light—
a source of pride . . .
power . . . perfection.

Each star
a world of music makes,
whose tunes in numbers
would be numberless.

Brightest of all—a source of light,
a mystery that has no end—
the spirit of immortality.

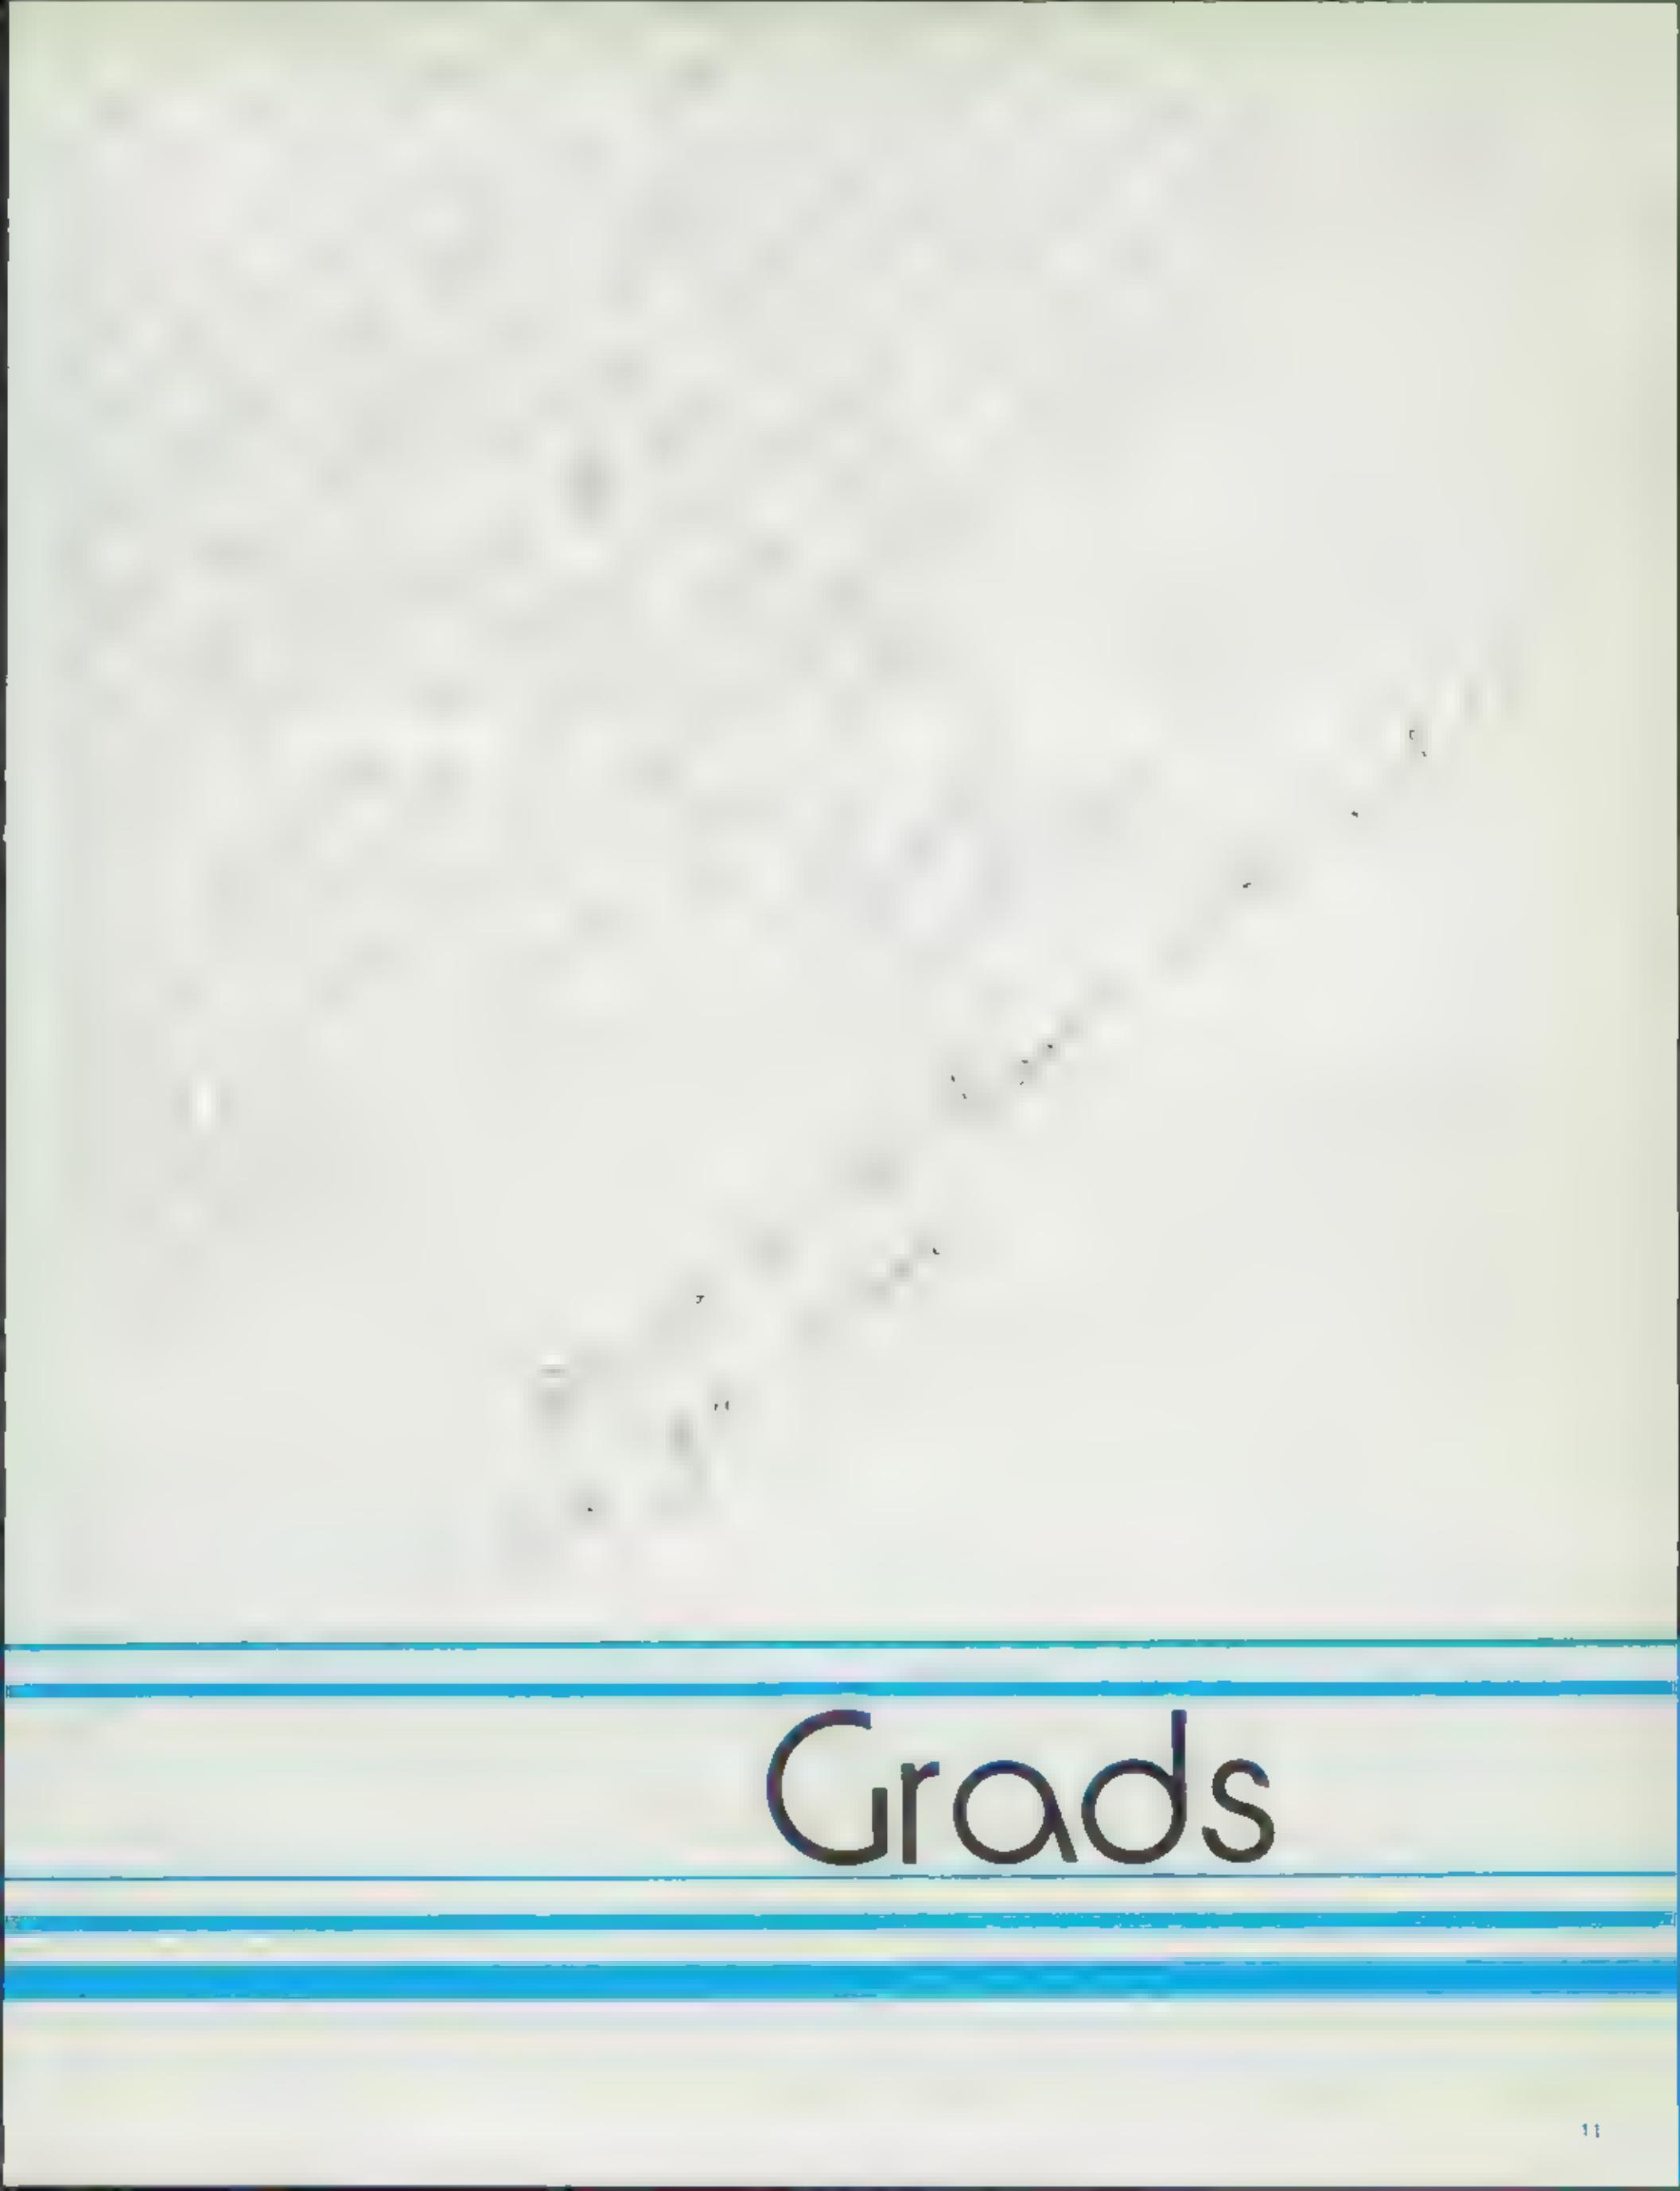

FLEETWOOD MAC

A blurry background image showing a graduation ceremony. Numerous people wearing white caps and gowns are visible, though out of focus. The scene is set outdoors under a clear sky.

Classroom stuff

Blade

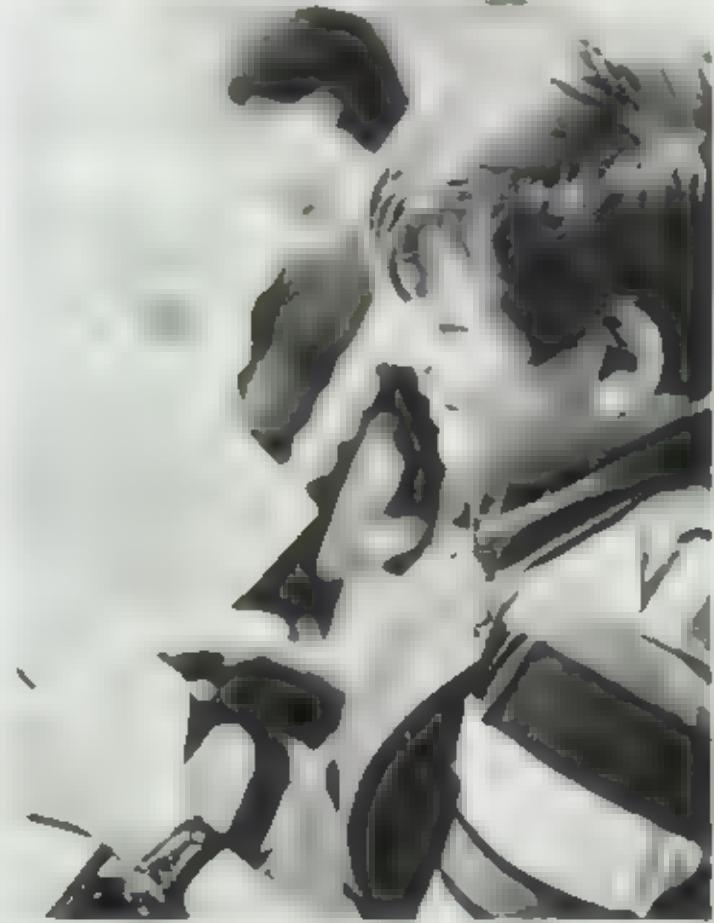

Led by editors Scott Lowrey, Laura Ericson, Nancie Sanders, Judy Cannava and Craig MacRae, the Blade was shooting for its fifth first-place California ranking in six years. The student newspaper publishes about 500 stories and photographs per year. Scott Lowrey was voted the staff's best writer. Skip McDowell is the advisor.

Annual

The Annual Staff publishes more than 2,700 photographs in its yearly memory-book. With a group of 25 artists, photographers and writers, the staff puts in a combined 4,483½ hours each year to produce 200 pages of end-of-the-year tears, joys, heartbreak and love

Language

Language includes Foreign Language, Reading and English Departments. In Foreign Language the student learns to communicate with people who speak a language other than his own. The primary goal of the Reading Department is to improve the comprehension, vocabulary and study skills of the student.

The English Department attempts to place students in courses which are appropriate to their scholastic aptitude. For the college bound students, the department has prepared a program which should enable them to succeed in college courses.

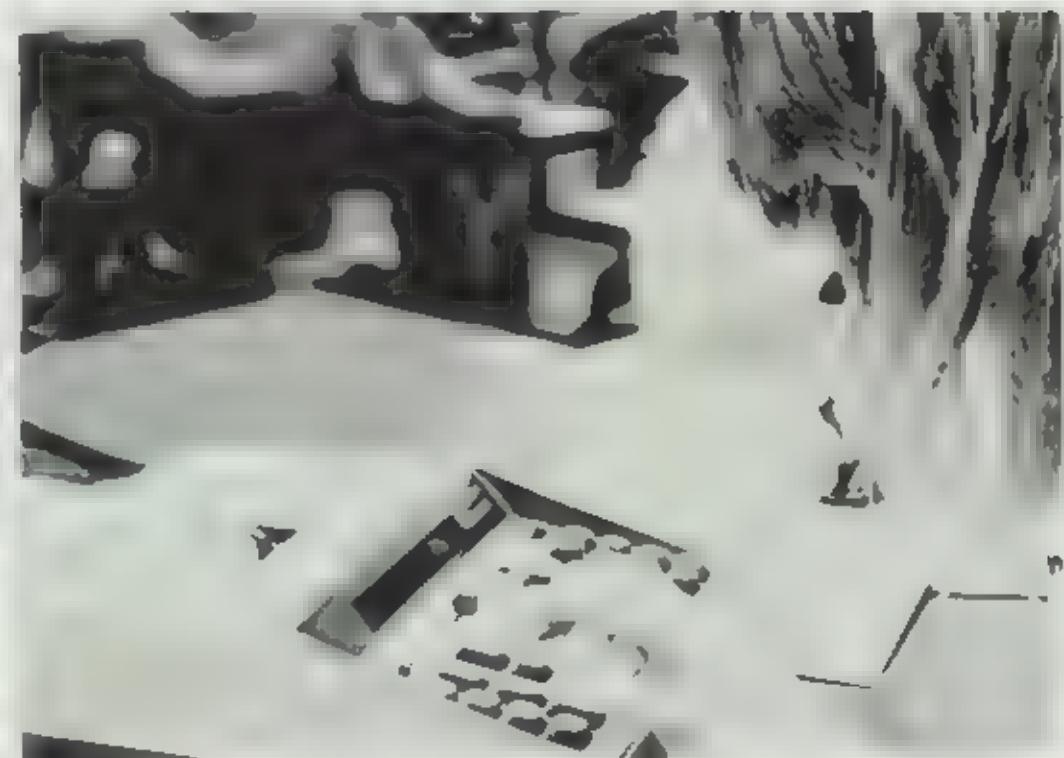

Social Science

Emphasis was placed on making the students aware of government and the world around them. Seniors were urged to get involved in campaigning by the members of local government, while it taught them to be citizens in a democratic republic.

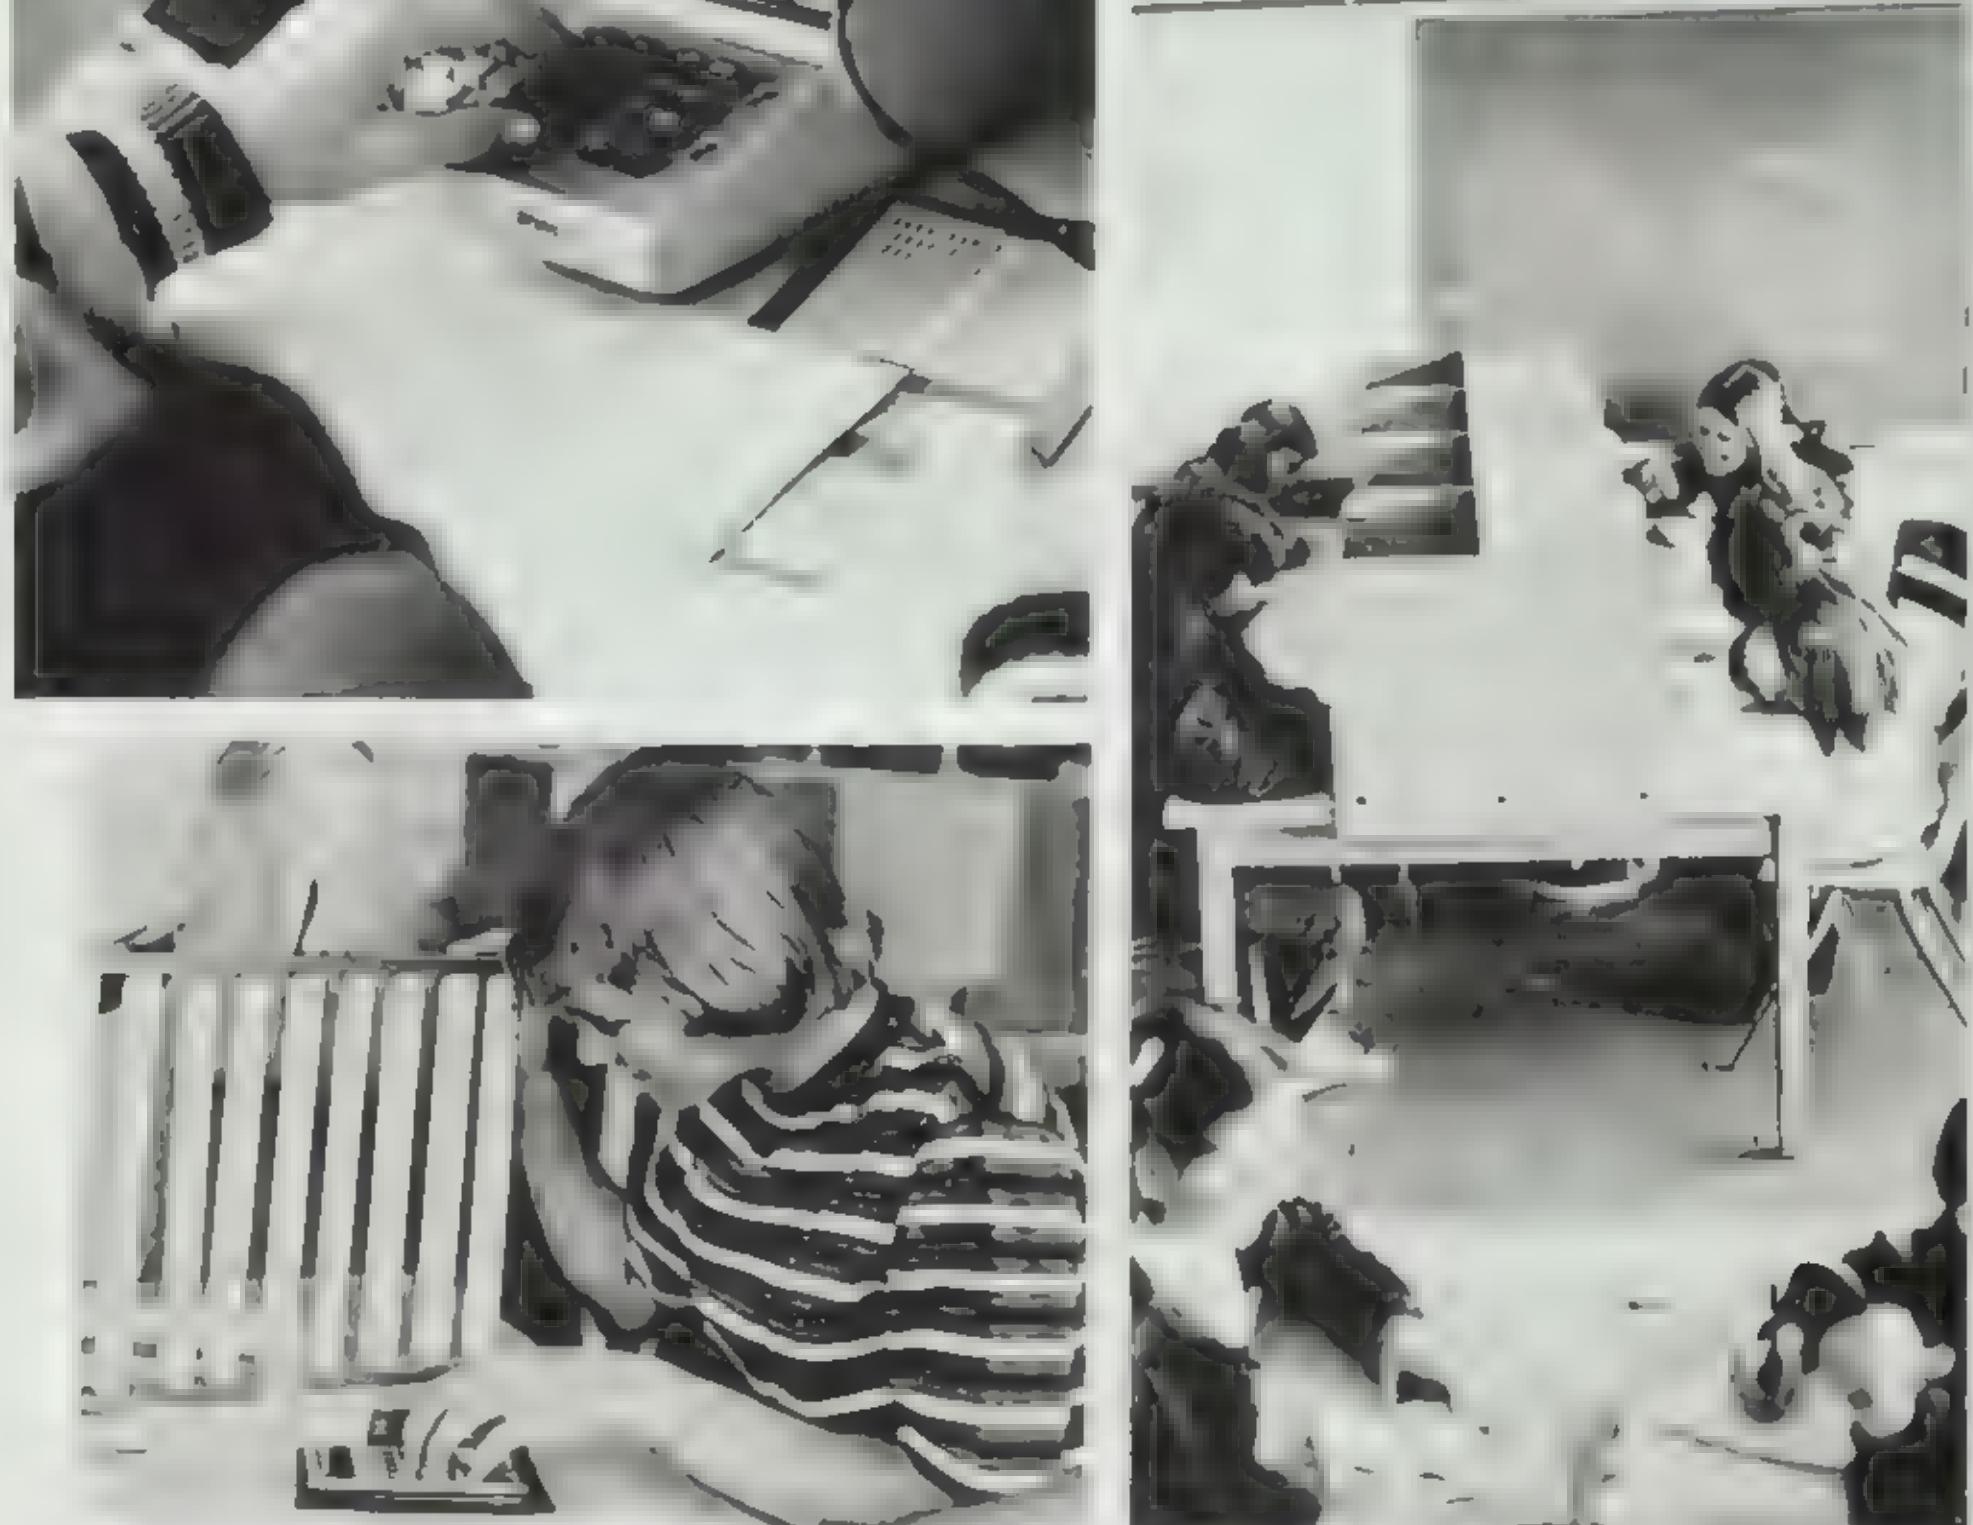

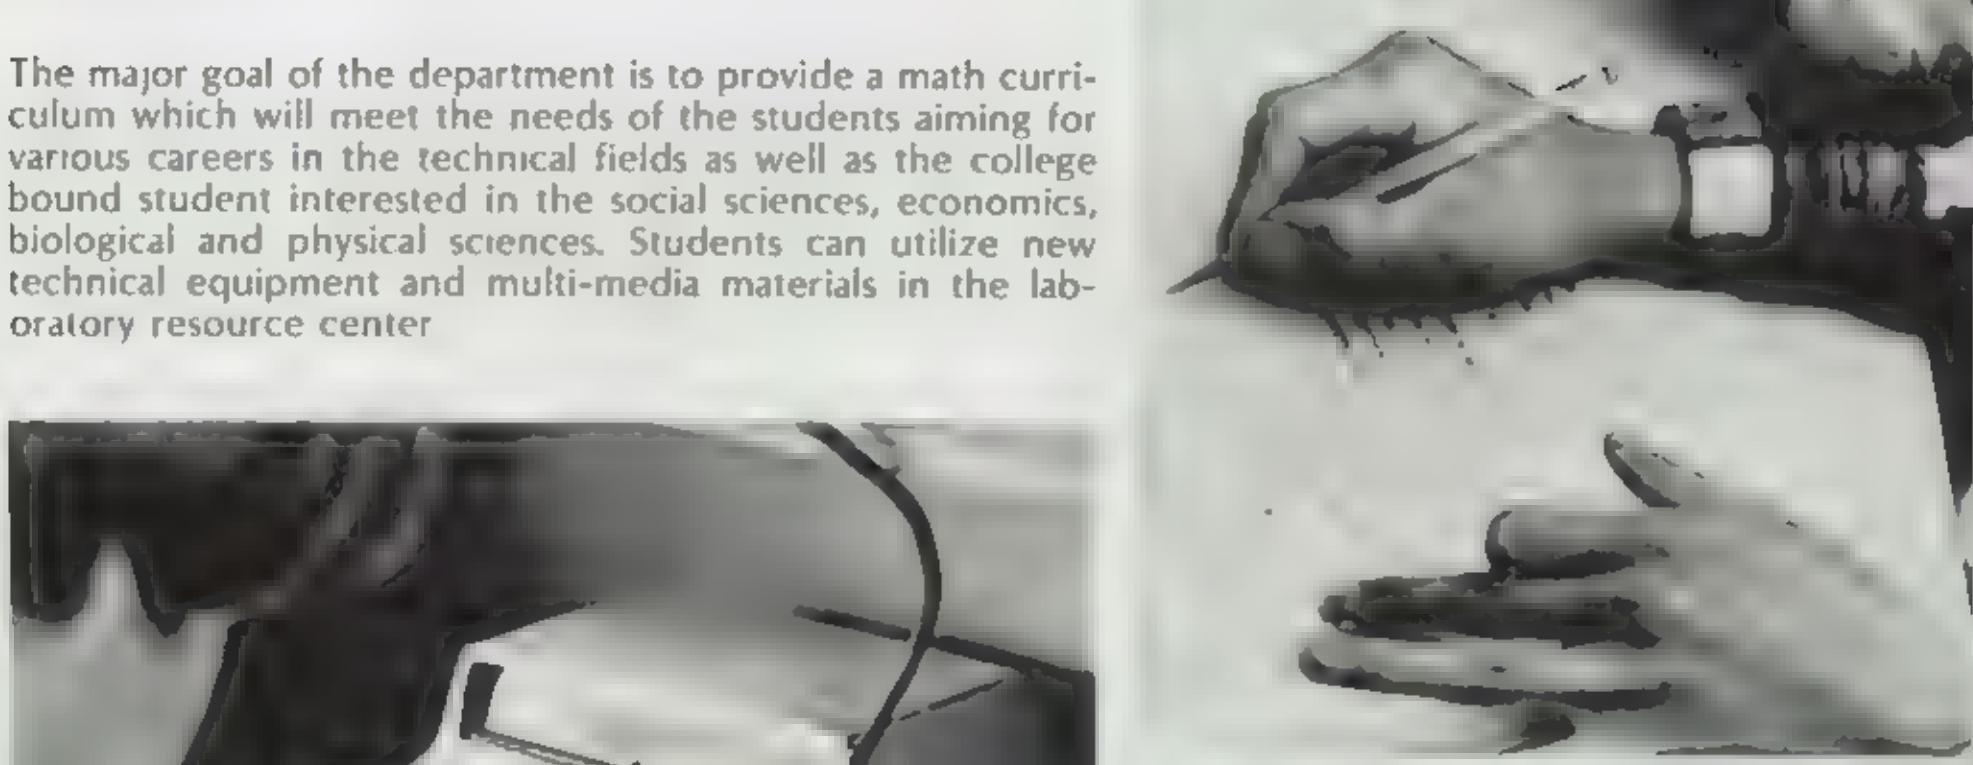

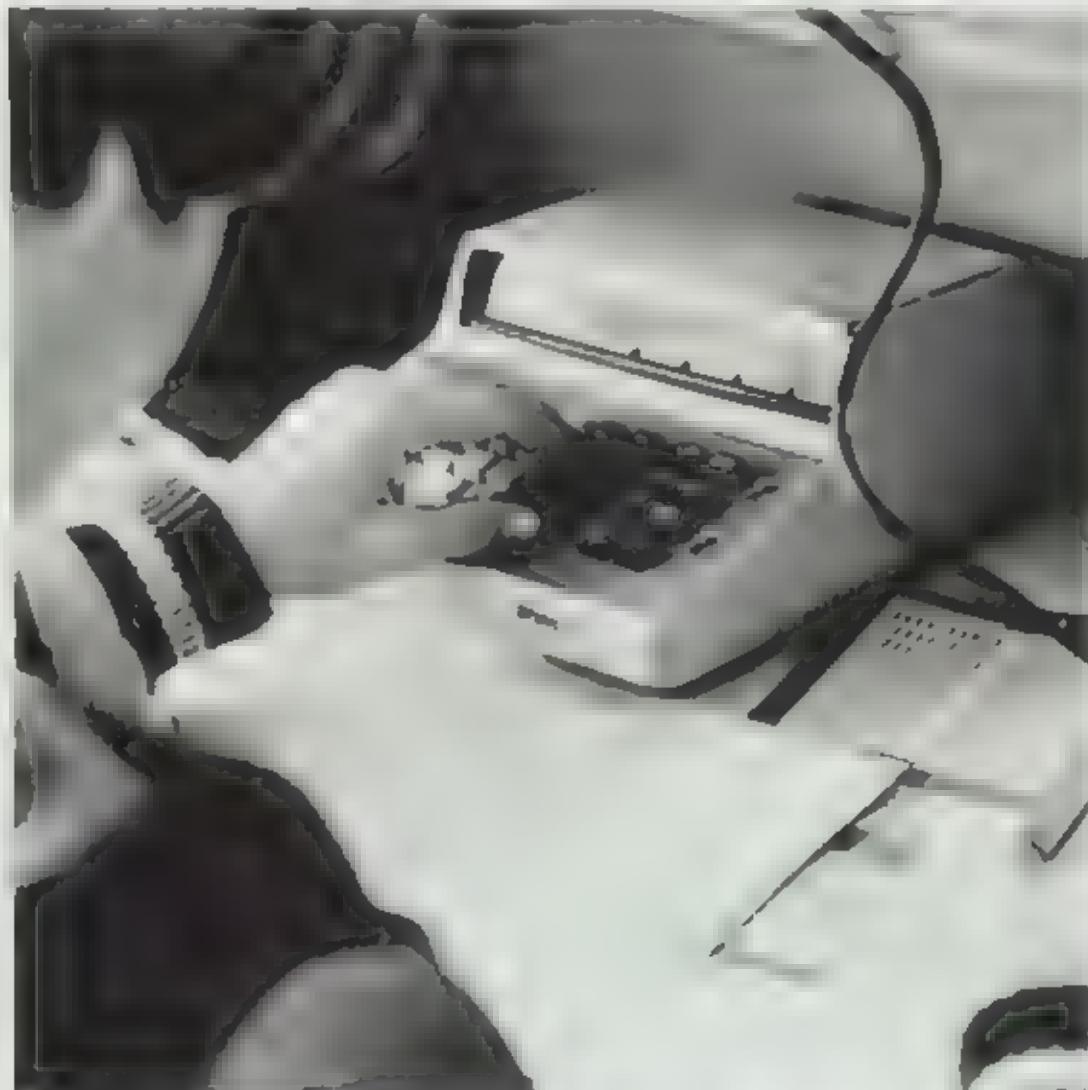

Business

The Business Department prepares students for careers in the business world. Students can take courses such as Typing, Shorthand, Accounting, Office Machines and Procedures, Model Office and Business English and others necessary to work as clerk-typists, bookkeepers, and stenographers. Typing courses are also taken for personal use.

Math

The major goal of the department is to provide a math curriculum which will meet the needs of the students aiming for various careers in the technical fields as well as the college bound student interested in the social sciences, economics, biological and physical sciences. Students can utilize new technical equipment and multi-media materials in the laboratory resource center.

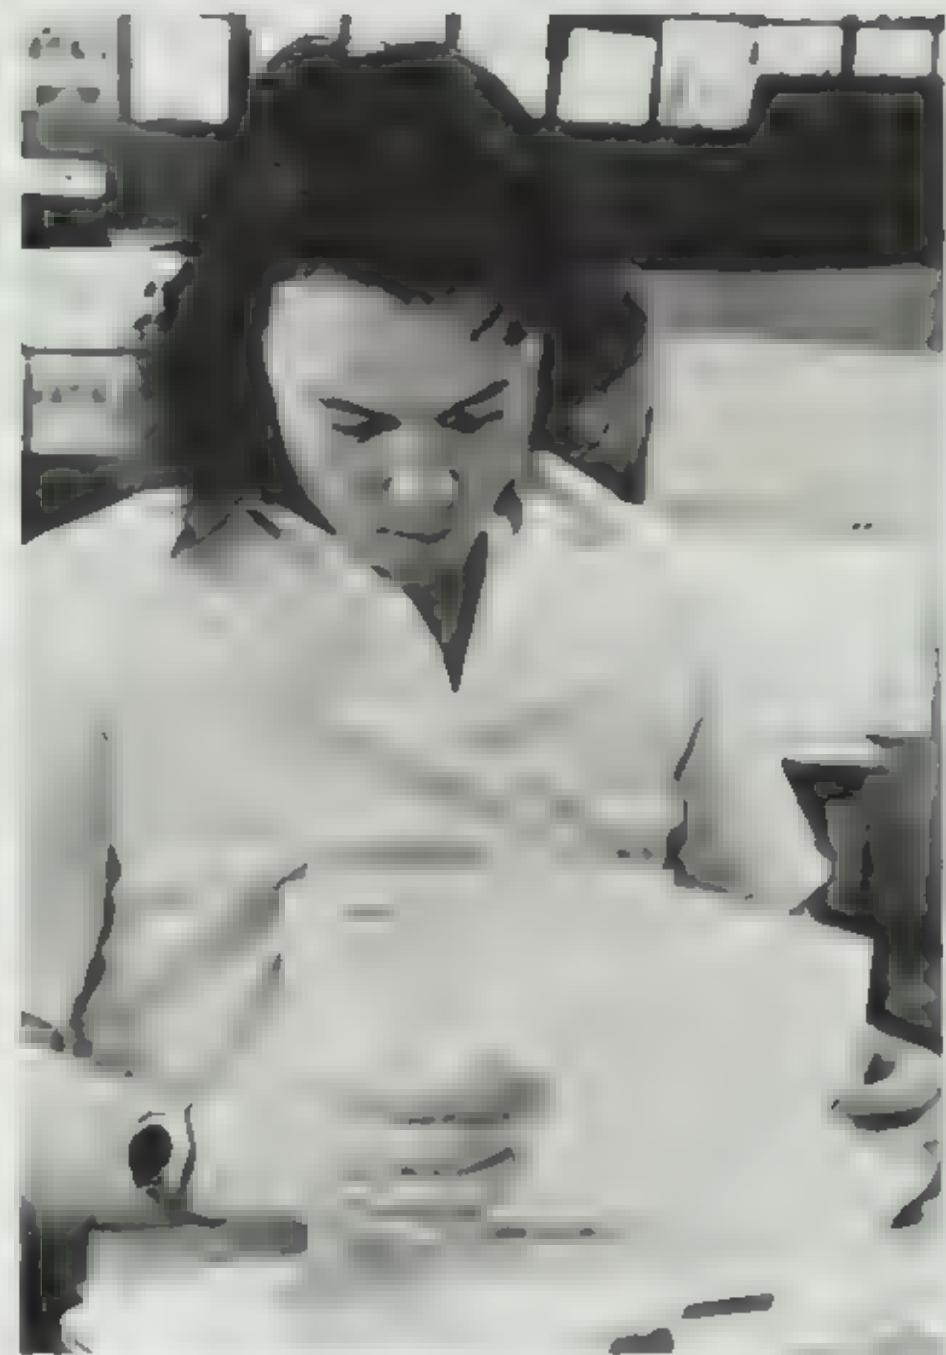

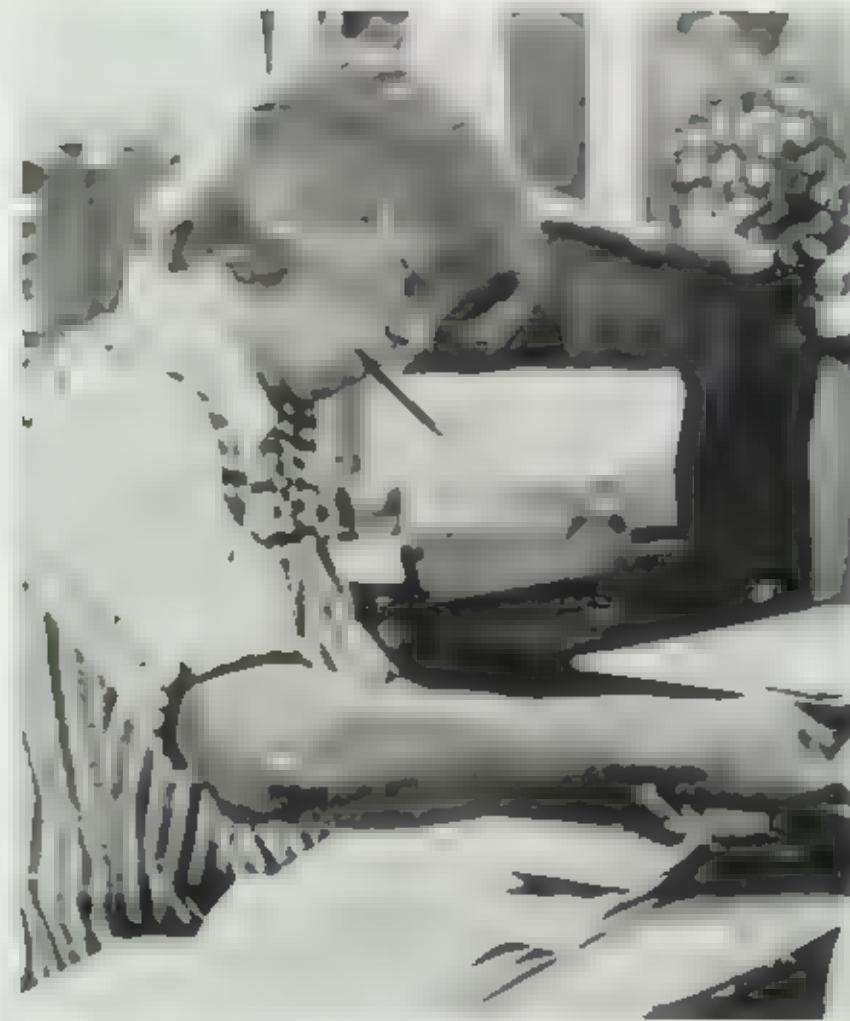

Science

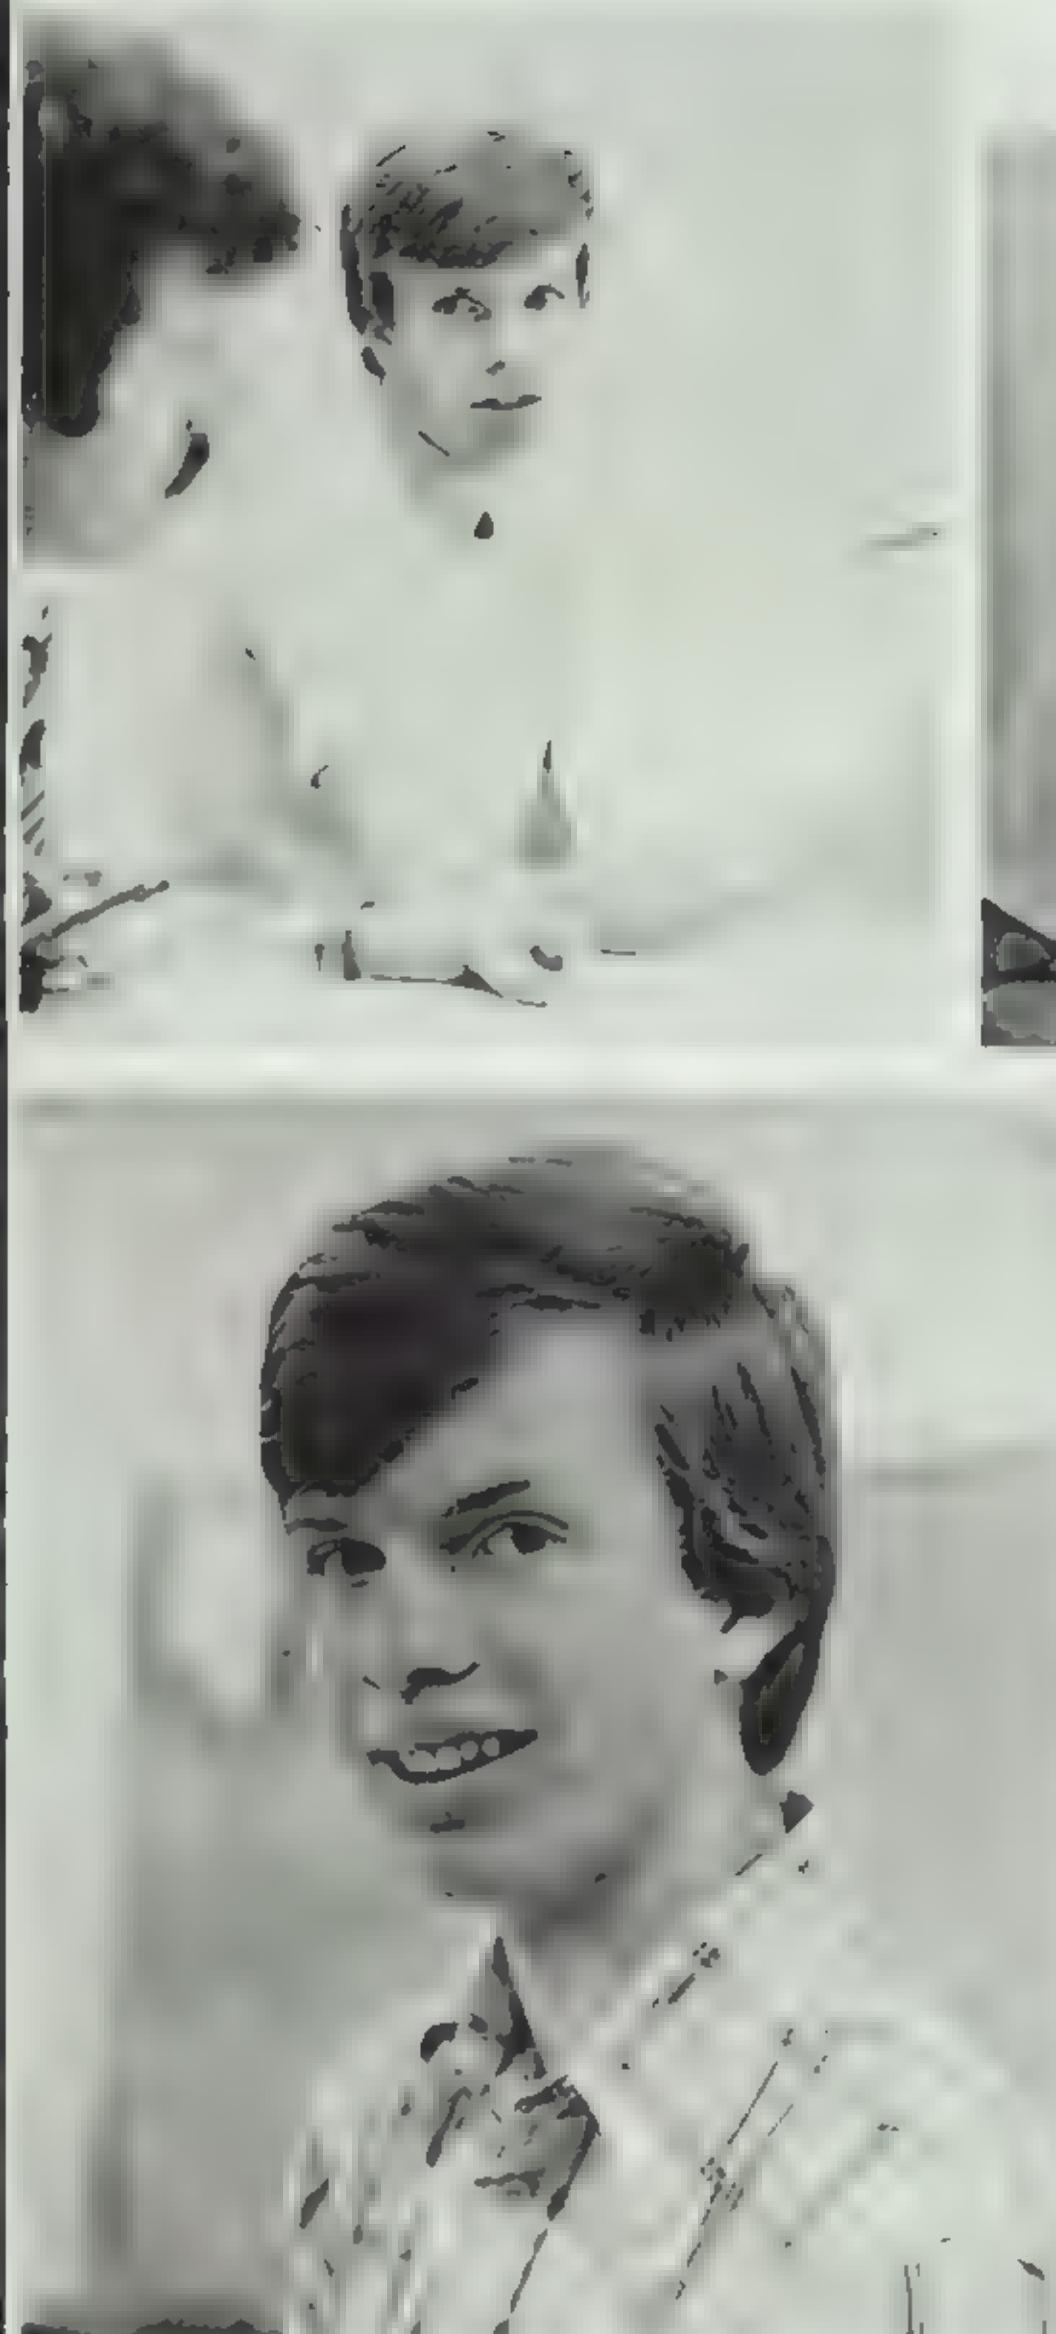

Different classes provided opportunities for students to learn inside and outside the classroom. The Science Department tries to make the student aware of the natural processes and man's relation to the total environment.

Consumer Ed.

The major goal of the Consumer Education Department is to inform students regarding products, laws, and regulations and their rights, to enable them to deal more effectively in the marketplace. The teaching concept covers four areas dealing with industrial arts, household chemistry, career planning and legal rights of the consumer. The program has just completed its fifth year.

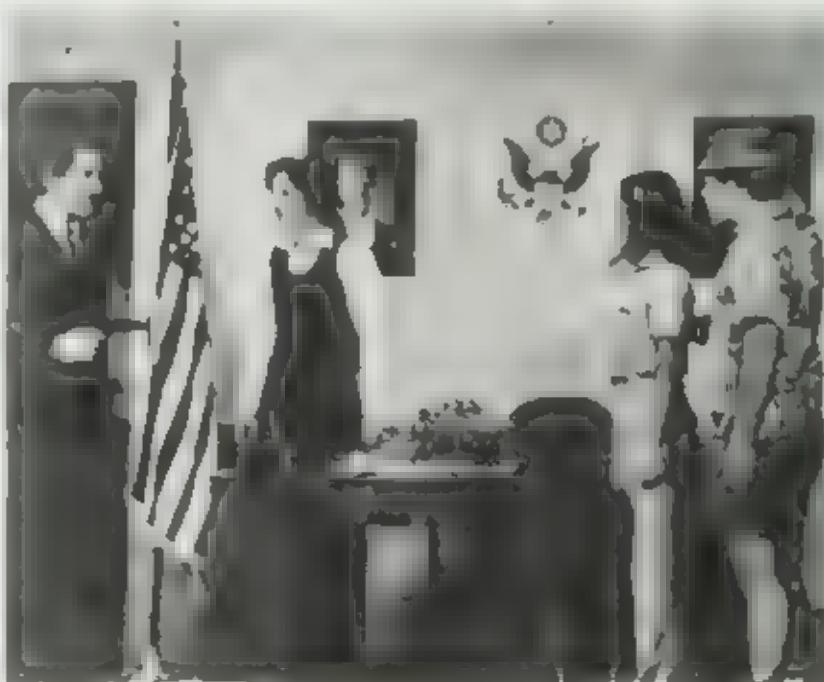

Scholar of the Year

With 230 high school credits of all A's, Scott Lowrey was unanimously selected as Bellflower's 1978 Scholar of the Year. Lowrey's credits, moreover, were not restricted to just high school. He has also taken Calculus I and II at Cerritos College and earned A's there, too. Activities and other interests were not neglected, however. While currently serving as CSF President, Lowrey has also participated in Math and International clubs. But most of his extra time has been spent as Editor of the Blade, one of southern California's most heralded high school newspapers. "He's a fine leader and person," said Blade Advisor Skip McDowell. "He has continually provided that spark the staff needs." Features are his specialty, but writing stories on athletic events weren't difficult for Lowrey either—he himself is quite aware of the athlete's innermost struggles to get in shape, to perform well at the right time and to train, as Lowrey is Cross-country's MVP long-distance runner as well as the No. 1 distance man in track. "But I have concentrated mainly on math and science," says Scott. "Although I haven't neglected liberal arts, I've tried to prepare myself for a career in engineering. I'd like to attend Caltech or UCI." His 4.00, his ability to communicate (in Spanish, too!) and his numerous awards in math contests appear to qualify him to attend his choice—but also to do well there, too. "I really enjoy math—even classroom work—it is almost recreational for me."

Performing Arts

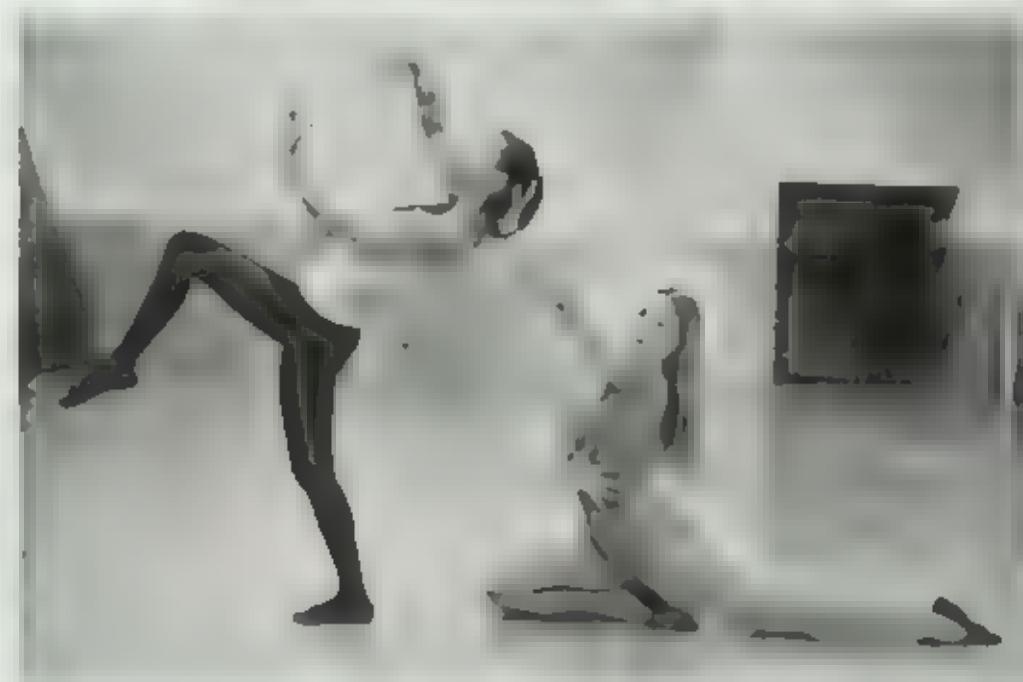

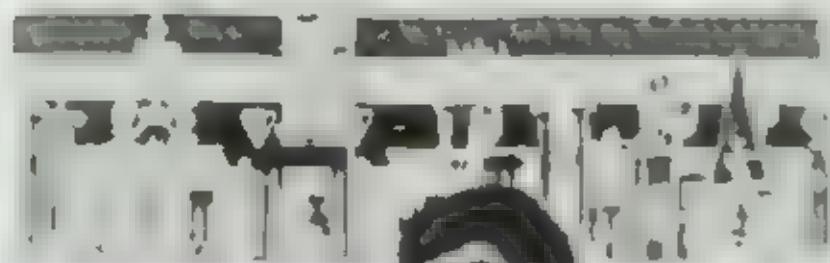

This year under the direction of the new drama coach D'liese Melendrez, the BHS theatrical department flourished. The noontime Brown Bag Theatre made the department financially sound, and its presentations of "Don't Drink the Water" and "Once Upon a Mattress" displayed new talents.

Directed by Tom Dustman, Ensemble, Girls Glee, Mixed Chorus, Choir and the first-year Angels entertained BHS this year. Pizza sales, varied concerts and the upcoming tour in Europe top the Choral department's list of accomplishments. The combined talents have performed over 500 songs for the community and students.

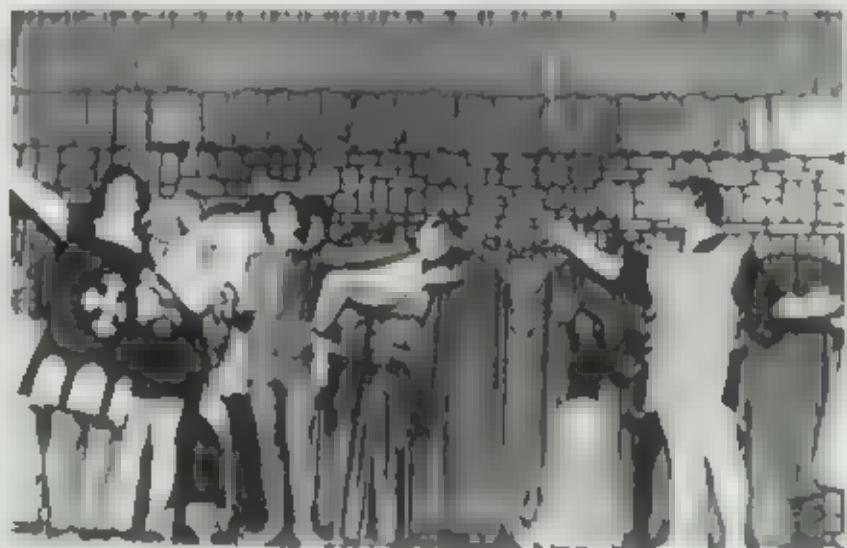

The marching band began the year competing in various parades. The band won the Mayor's trophy at the Bellflower Liberty Day parade in November and a second place at the Ocean-side Christmas parade. Highlighting the year was a three-day tour to San Diego and Arizona in May. The band raised its funds primarily through the selling of hats, t-shirts, raffle tickets and coupon books.

Performing Arts

In April Modern Dance presented "Once More With Feeling," which featured interpretations of "Star Wars" and "Close Encounters." The performers also entertained at the Girls League fashion show.

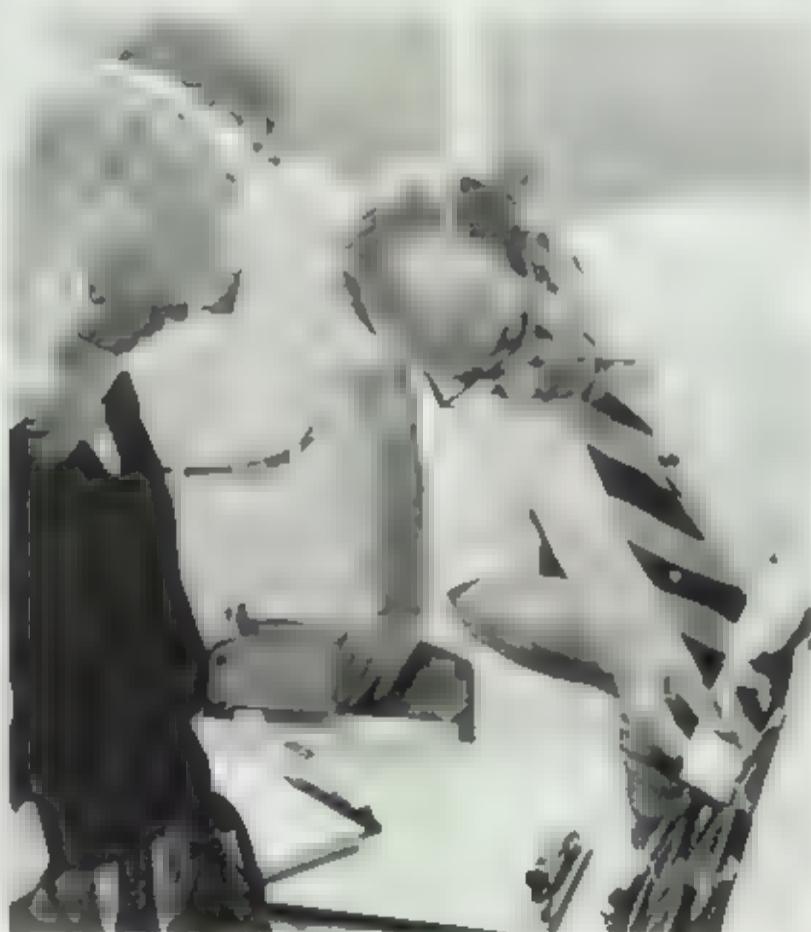

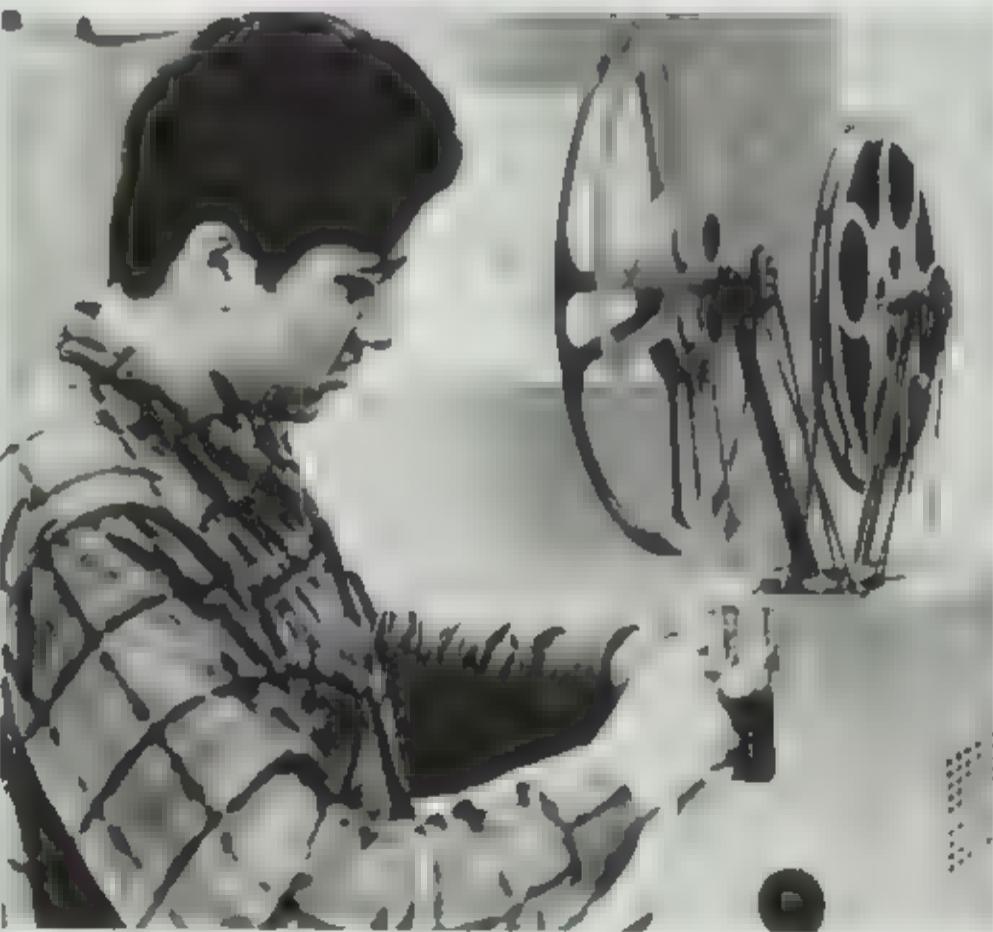

Musical

Bellflower combined the talents from the Drama, Music, Art and Home Ec departments to produce one of the school's finest musicals, "Once Upon A Mattress." This adapted musical-comedy from the fairytale "The Princess and the Pea" shot Carol Burnett to stardom on Broadway. The second annual production lasted five consecutive nights (beyond the months of time and practice involved). The faculty and students involved would like to see the all-school musical become a BHS tradition.

Special Education

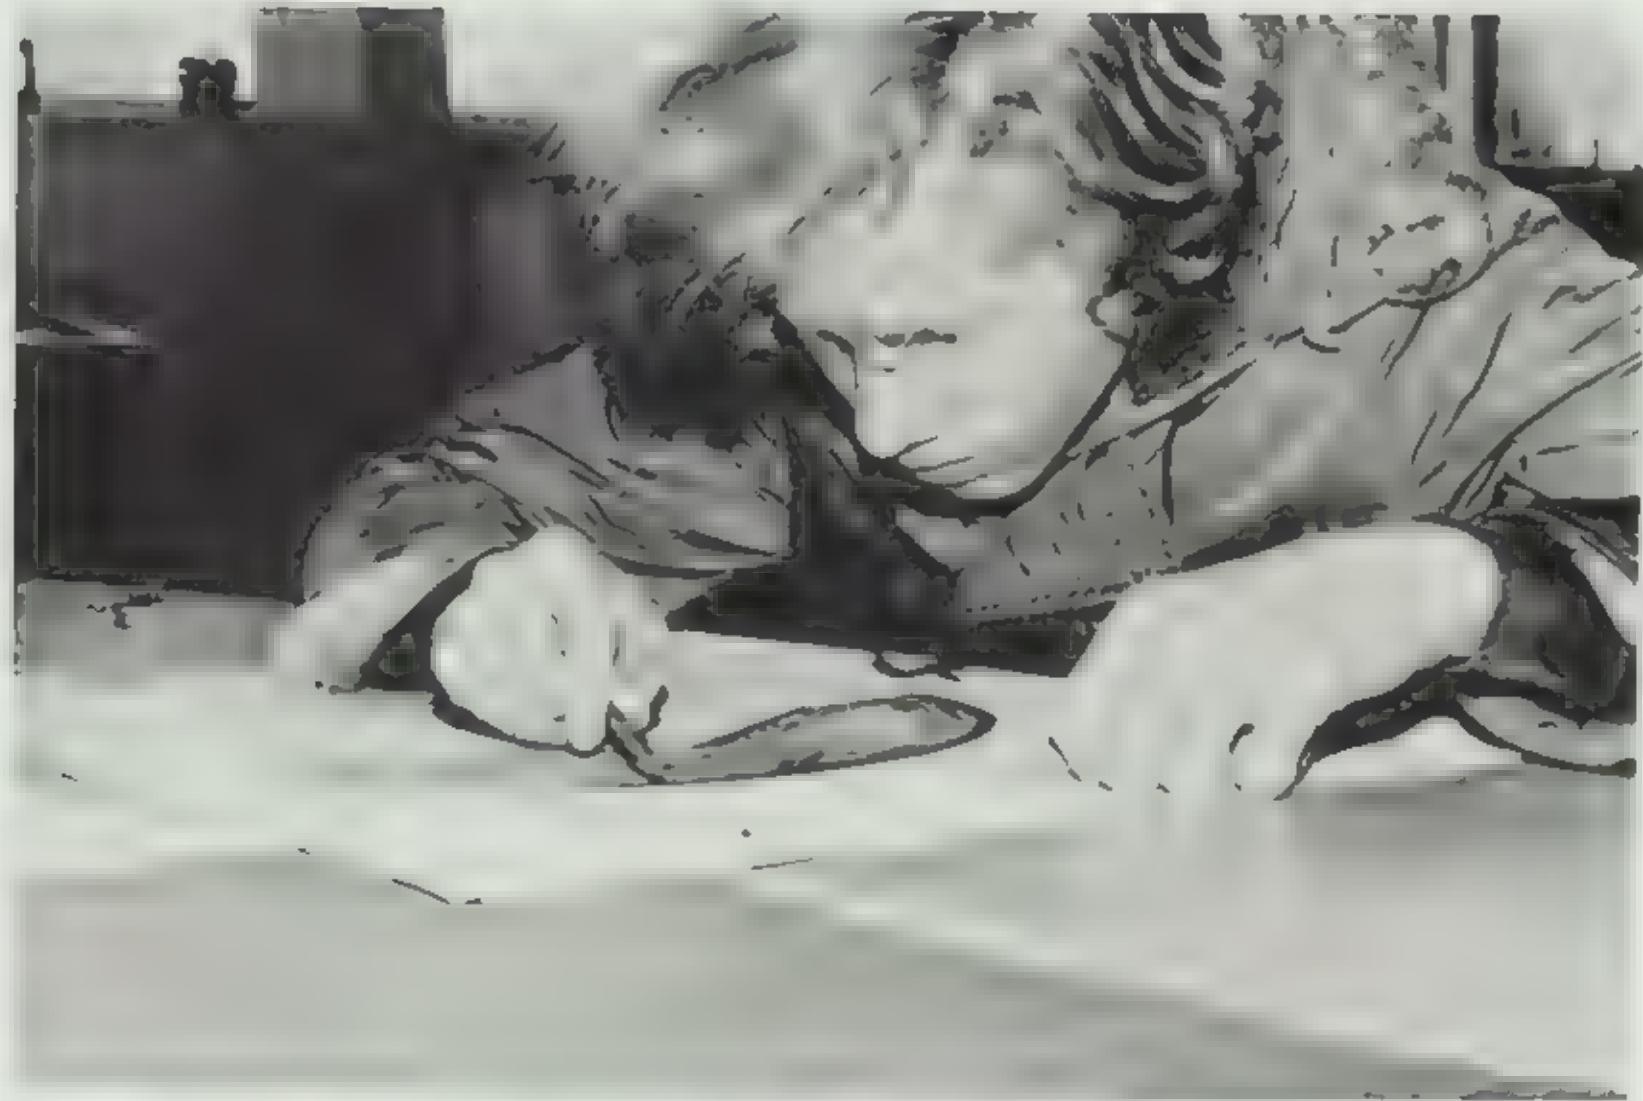

Special Education classes are designed to teach practical skills, to make the students become independent and self-sufficient, and to feel confident.

Home Ec.

The Home Economics Department offers courses ranging from understanding young children, their care, growth and development, to nutrition and preparing a meal for every occasion. Training the student to be a wise consumer in buying food and clothing is also included.

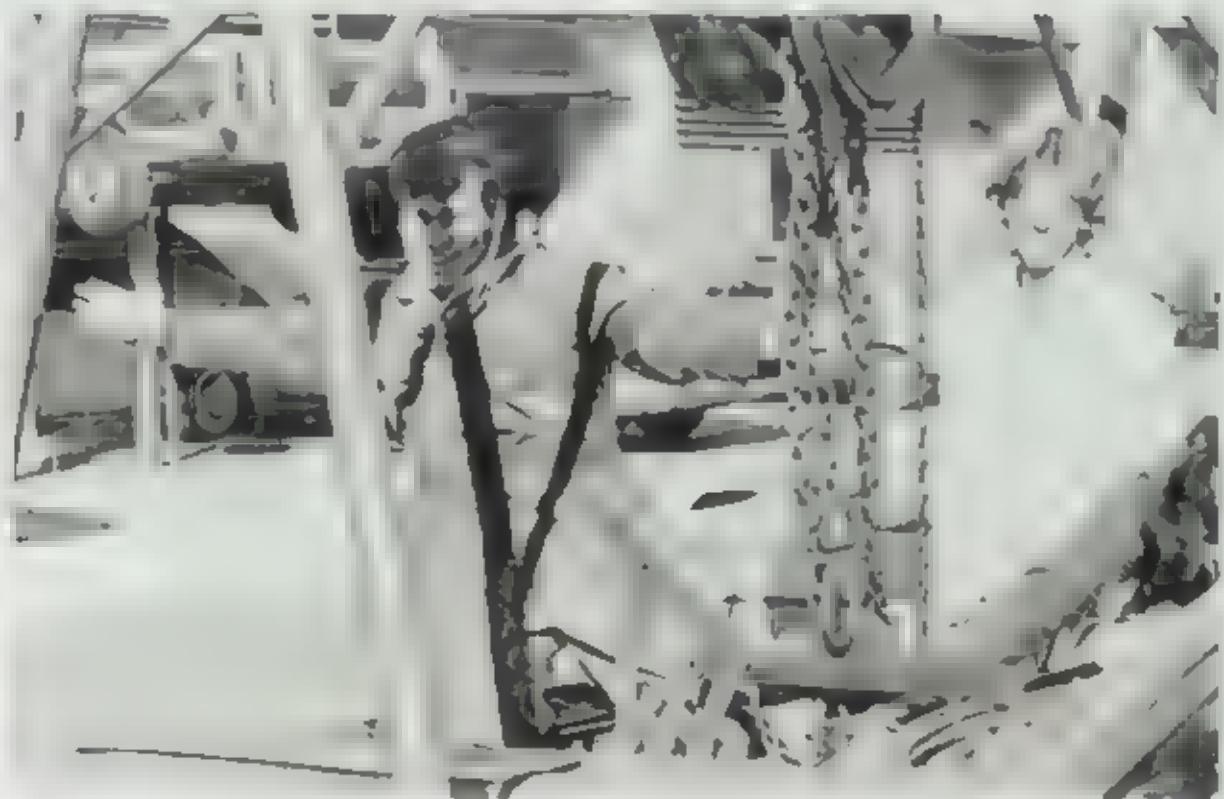

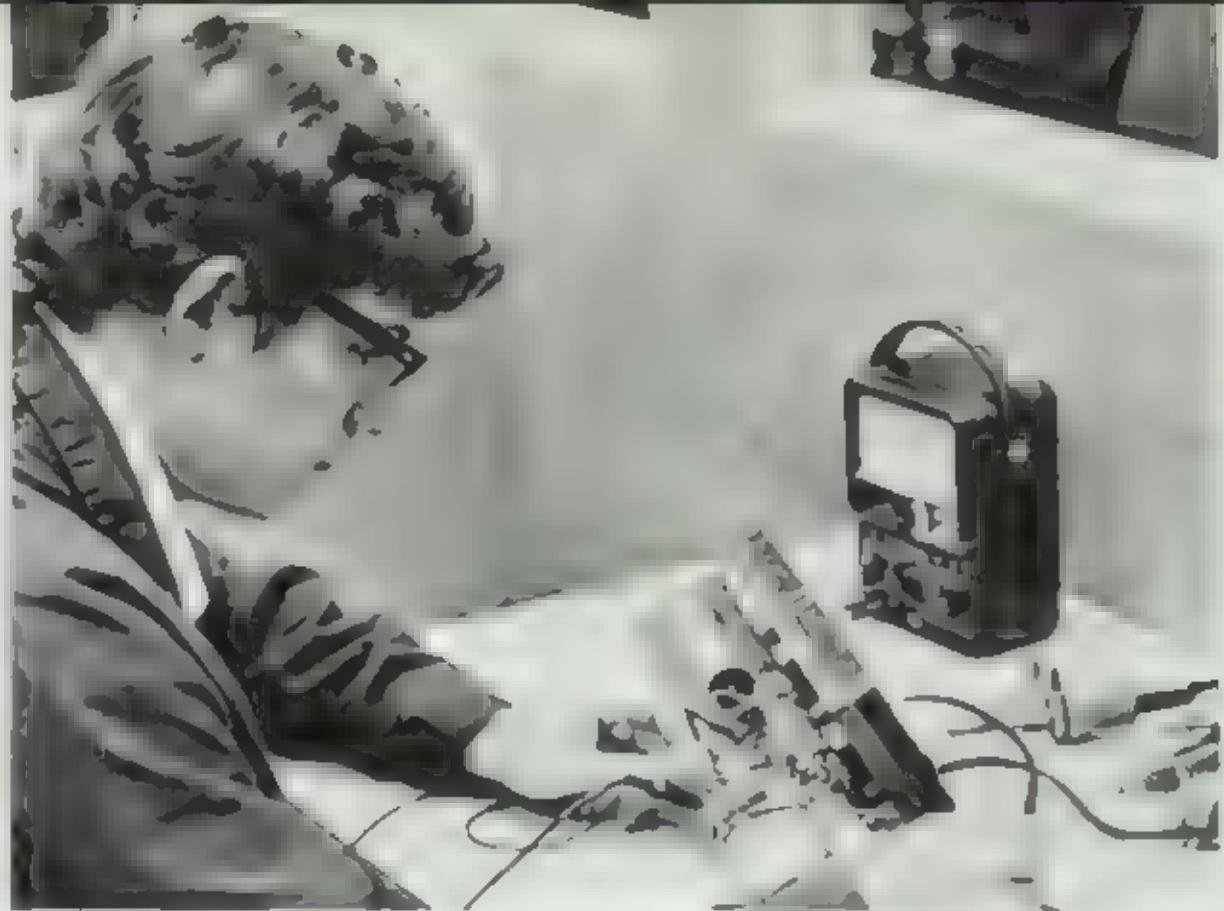

Art

The Art Department, through a widely diversified curriculum, exposes many students to the world of creativity with classes such as Commercial Art, Ceramics, Drawing and Painting and Design Workshop.

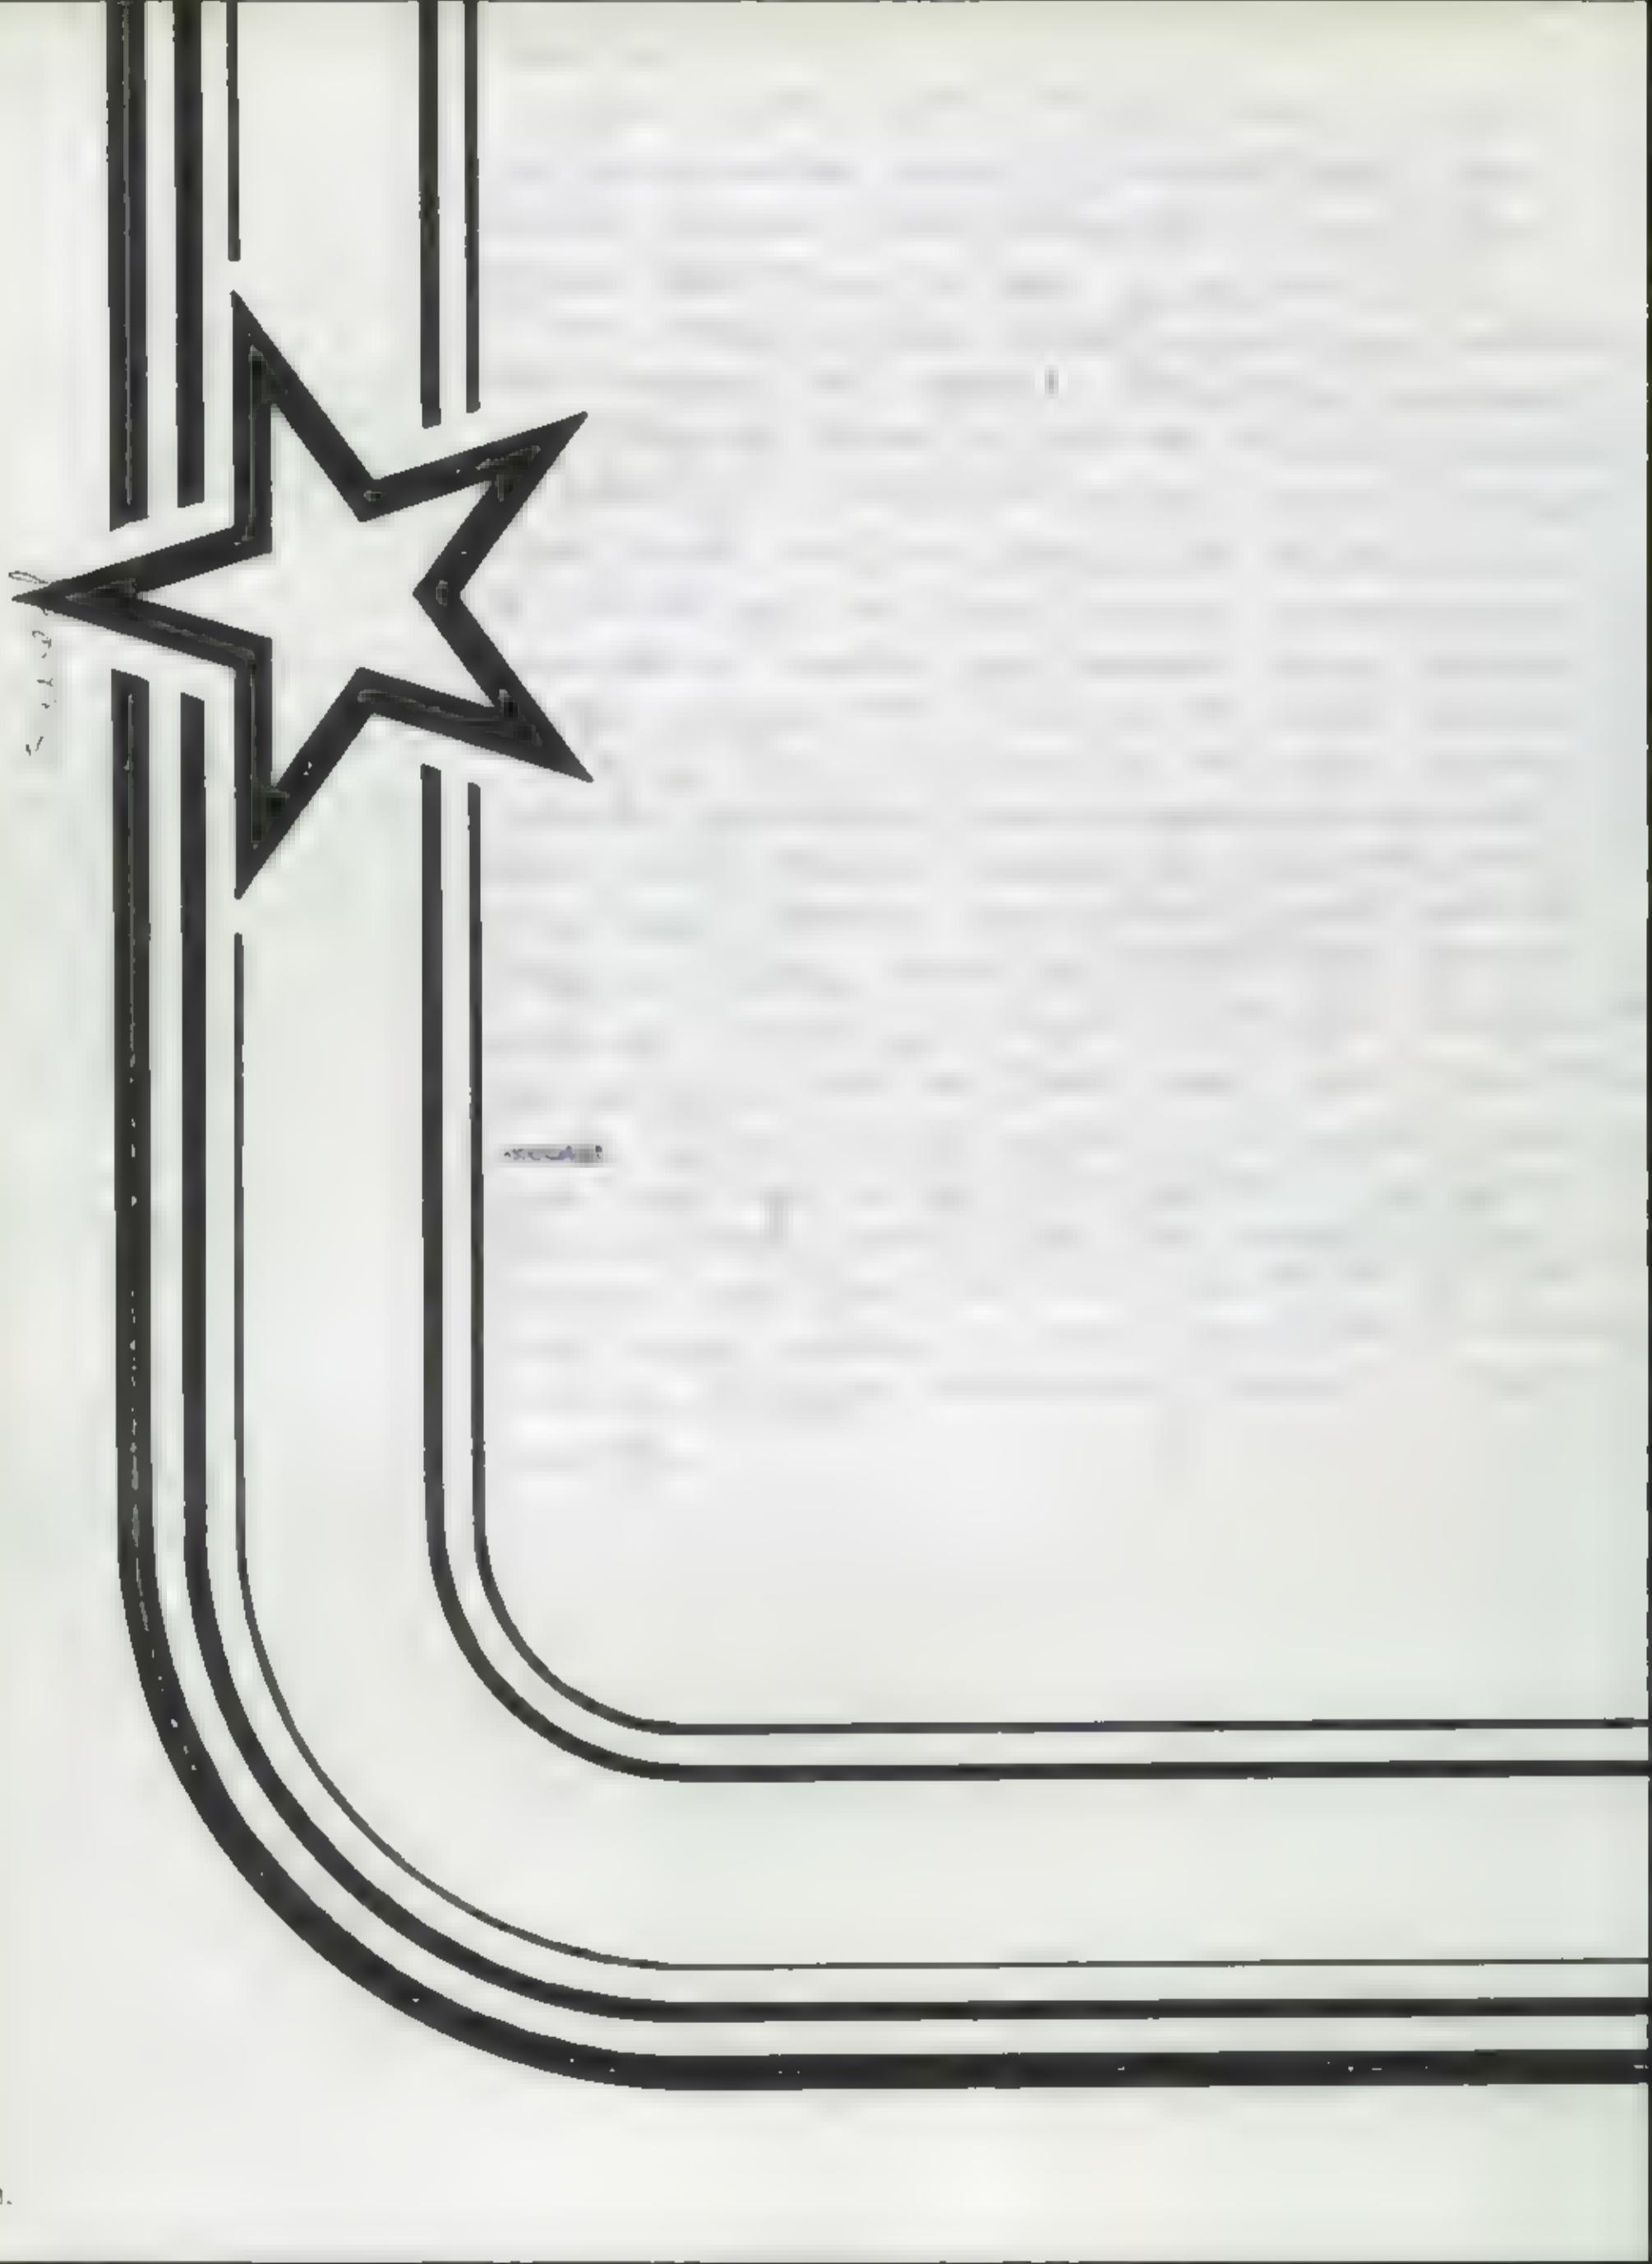

Industrial Arts

The shop courses have always stressed vocational training. Again this year Bellflower's Kiwanis Club presented incentive awards, recognizing those students who excelled and encouraging others to continue perfecting their skills in all areas of industrial arts.

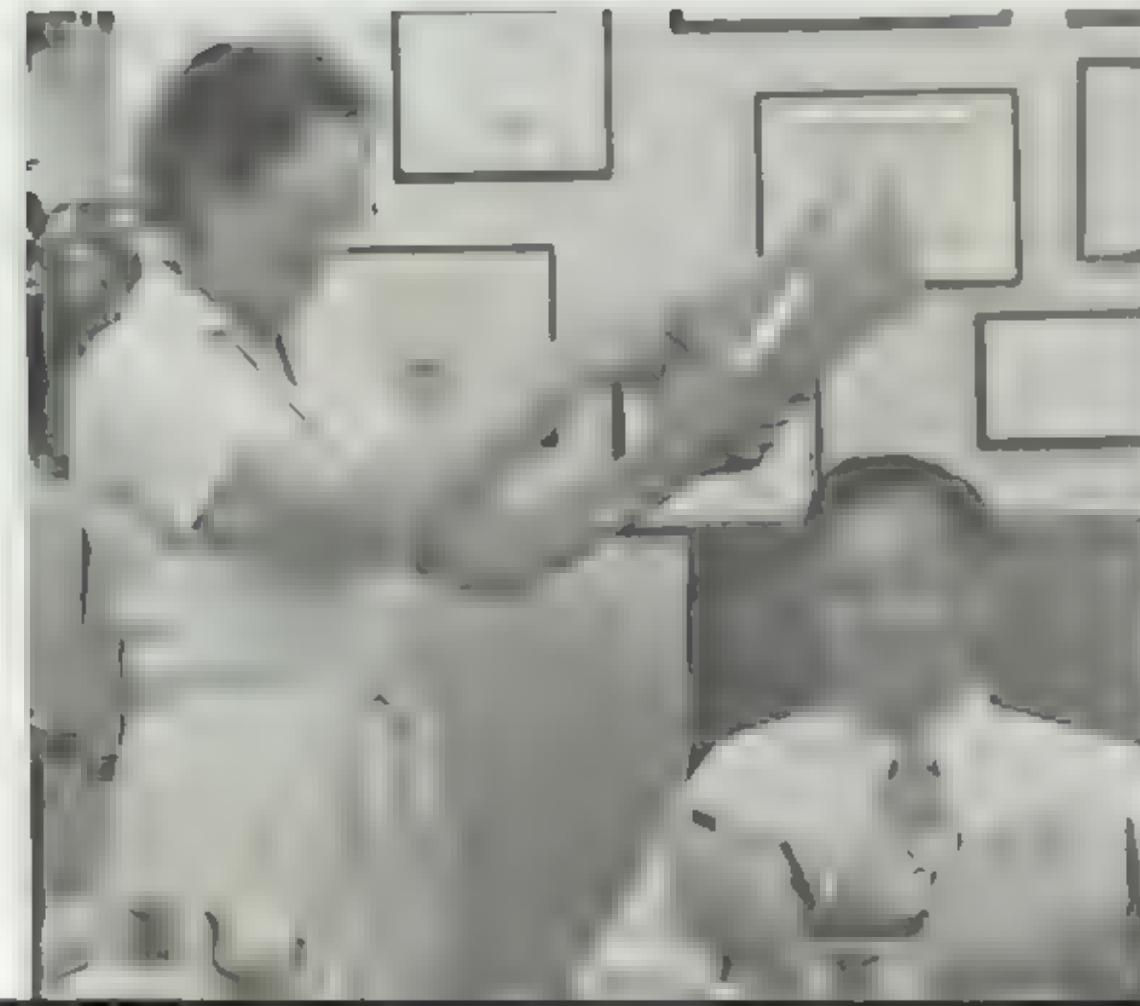

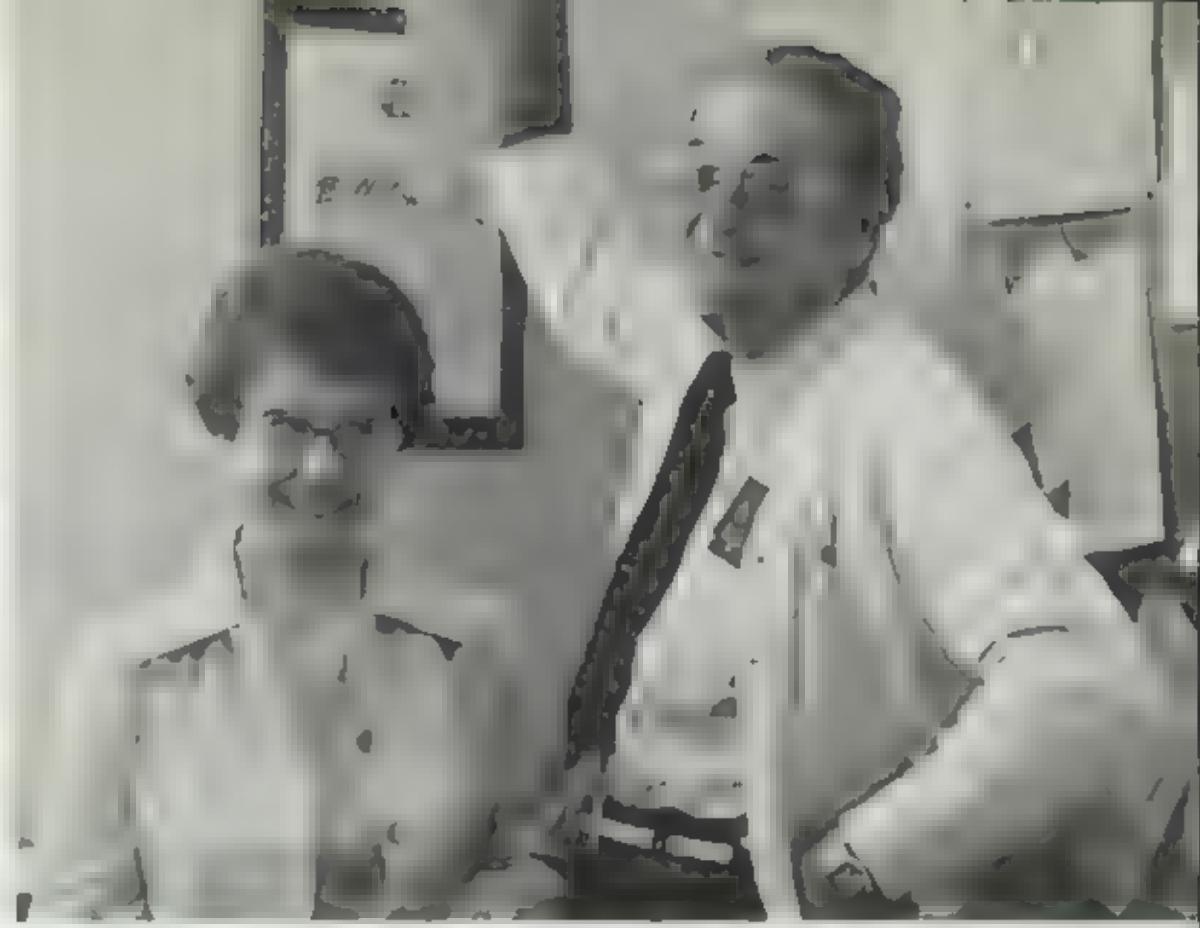

Over 800 students enrolled in the 23 various shop and vocational courses that the BHS Industrial Arts Department offered this year

Varsity Football makes third place league finish

Following their most successful season ending in 1976 CIF quarter finals, Bell-flower's varsity gridders were considered a questionable team at the beginning of the 1977 season. But through outstanding defensive play, they gained a fifth place CIF ranking and a 6-3 third place finish in league. The squad was led by MVP Arlo Gates, #35, who in being rewarded by gaining over 1,000 yards, was selected for All-League and All-CIF.

J.V. Football

Undefeated (defense unscored upon) and Suburban League Champs are not things expected of a junior varsity football team composed of third string varsity gridders and a few sophomores. However, coach Mike Leininger's squad surprised many by achieving both. JV MVP honors were shared by Dale Fenenbock and Jesse Villanueva

The sophomore football team came back from their winless freshman year to third place in league as sophomores with a 6-3 season record.

The frosh gridders started out their first year at Bellflower with a 2-6-1 record, two wins more than the previous freshman team.

Varsity Volleyball

The 1977 varsity volleyball team was a team of firsts. One first, the spikers started the season with no starters returning. Another first was the purchase of new uniforms, the first ones since 1971 when Bellflower began competing in volleyball. Because of a third place finish in league, the team made BHS history by being the first volleyball team not to go to CIF. But one highlight of the season was the All-League selection of setter Cathy Moore.

JV 1 Volleyball

Top row, from left to right: Jamie Moore, Lorina Hovarter, Julie Hudson, Joni Jones. Bottom: Paula Brewer, Cindi Plasch, Julie Tison, Cathy Thornton.

The JV volleyball team under the coaching of Sam Bittencourt, a CSULB student, took fourth place in league. Most valuable honors were claimed by sophomore Joni Jones.

JV 2 Volleyball

The frosh-soph (better known to the players as JV 2) team was created because of the response of over 80 girls trying out for volleyball. The team made up of mostly freshman, sophomores and some juniors played only when other schools had a frosh-soph team, ending the season in third place.

Cross Country suffers sub-par season

The 1977 season was a tough one for the cross country teams because of the upping of the boys' race from two to three miles. The varsity team finished league with a 3-4 record and no qualifiers for CIF. One consolation of the season was the return of coach Roy Swett after a year's absence. Scott Lowrey took varsity most valuable and Eric Nelsen was given the Bob O'Brien Award. The frosh-soph team's season was comparable to the varsity, and no runner qualified for further competition. On the girls level, however, Robin Henderson qualified for CIF prelims.

Girls Varsity Tennis goes to CIF quarters

With many of the varsity squad returning, the 1977 girls tennis team had one goal: to win league again and go to CIF. The team finished league with an undefeated 14-0 record. In the first round of CIF, Bellflower prevailed over Bonita at home. Then the squad traveled to Lake Arrowhead where Bellflower beat the Rim of the World team. Next, in CIF quarterfinals, Bellflower lost to Brawley. In individual competition, Loretta Fross and Joni Cummins won the doubles championship at the Santa Fe tournament. Loretta Fross and Tricia Gregory and Karen Fross and Pat Owens took first and second doubles in Suburban League, respectively.

JV Tennis takes league championship

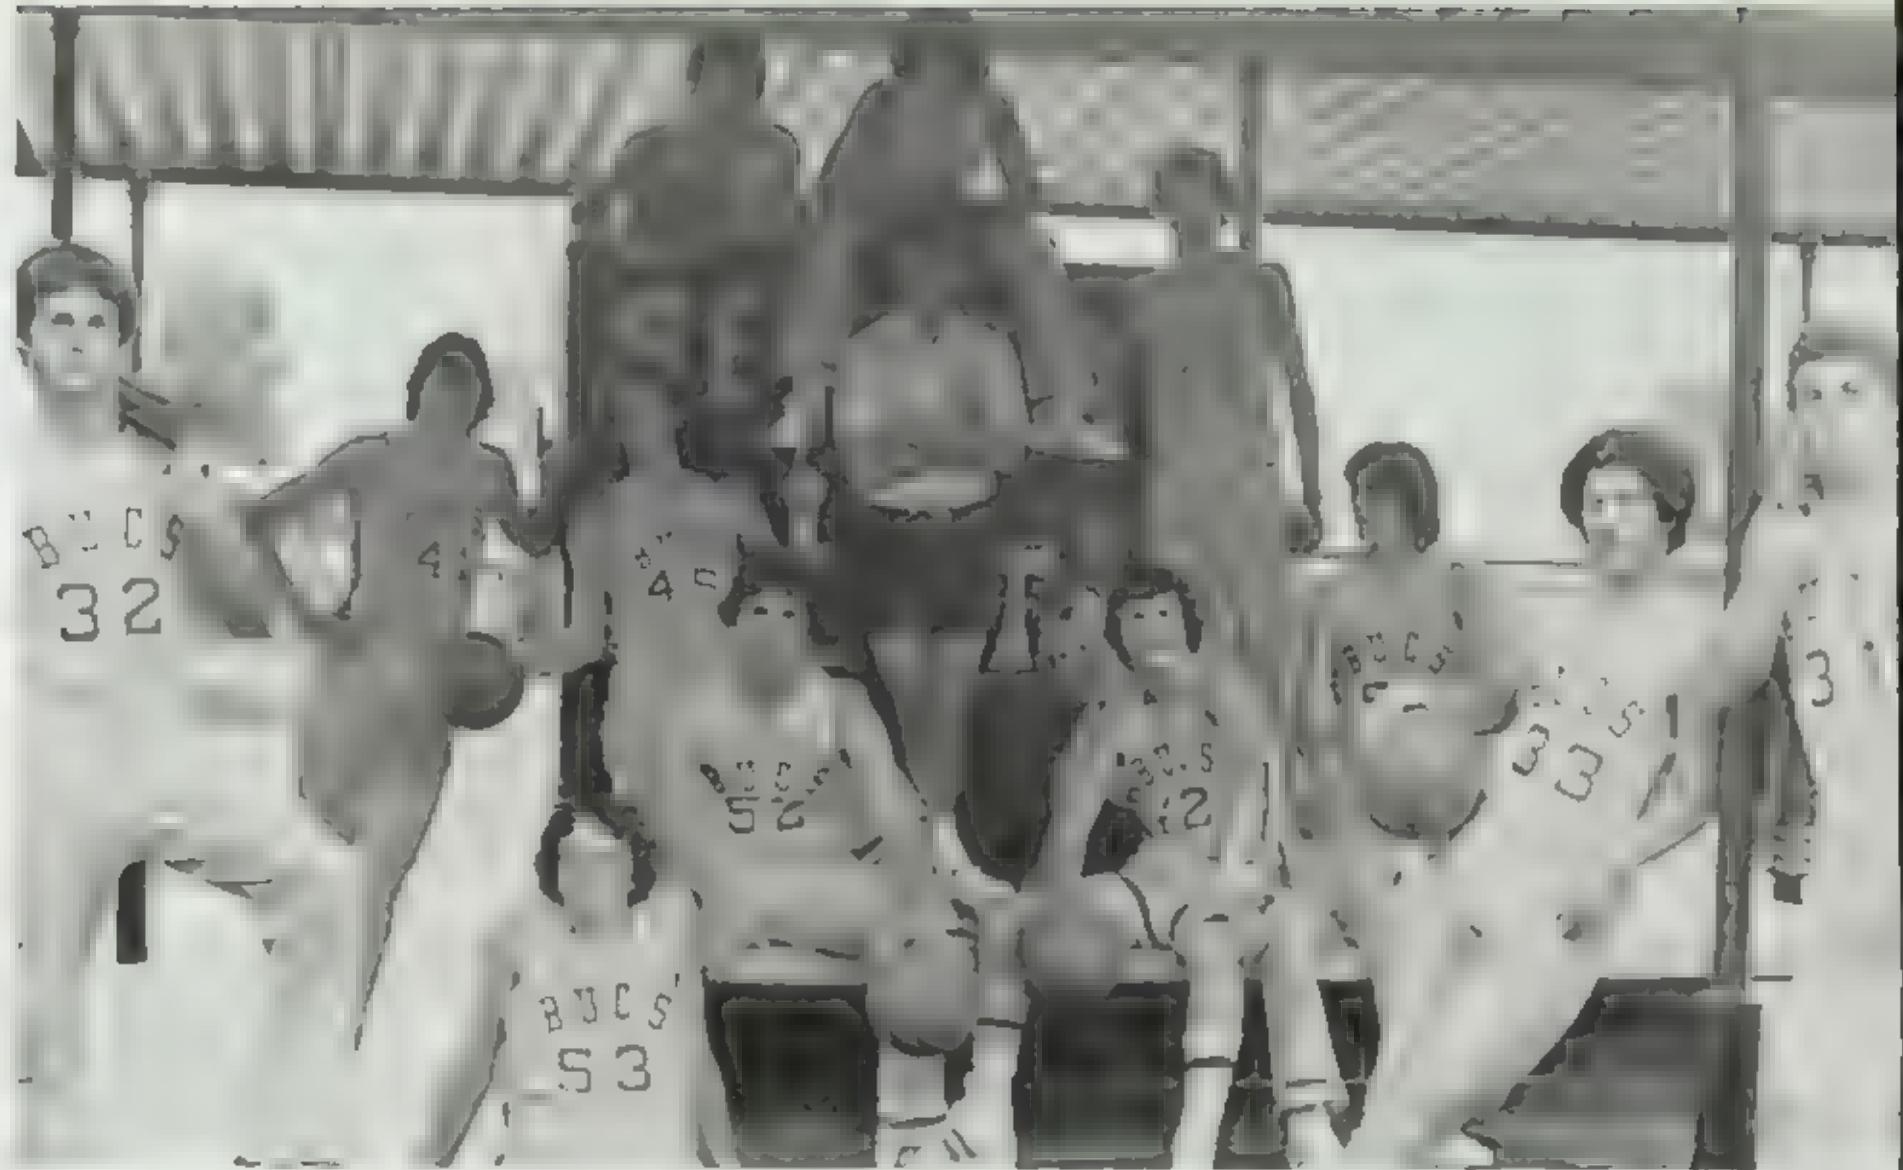

The JV girls tennis team also lost many of their members both to graduation and the varsity team. This year, the JV team played opposite where the varsity played. In past years both teams traveled together. This made it necessary to have a separate coach, Carol Bigham, a CSULB varsity tennis team member, came to be with the JV's. In league, the team repeated the 13-1 record made by the previous JV team and also took the league championship. Most valuable player went to freshman Shanna Moore.

BHS was nosed out in CIF by Victor Valley, a CIF finalist, by just three points. All-League honors went to Sontoski and Hatch, with Sontoski also receiving mention on the L.A. Times All-South Coast Area Team. In addition to becoming Suburban co-champs the Bucs also won the San Diego Grossmont tournament. The league season included two one-points wins over Mayfair but two one-point losses to Paramount. Sontoski's high of 57 points against Hawthorne set a school record.

J.V. Basketball

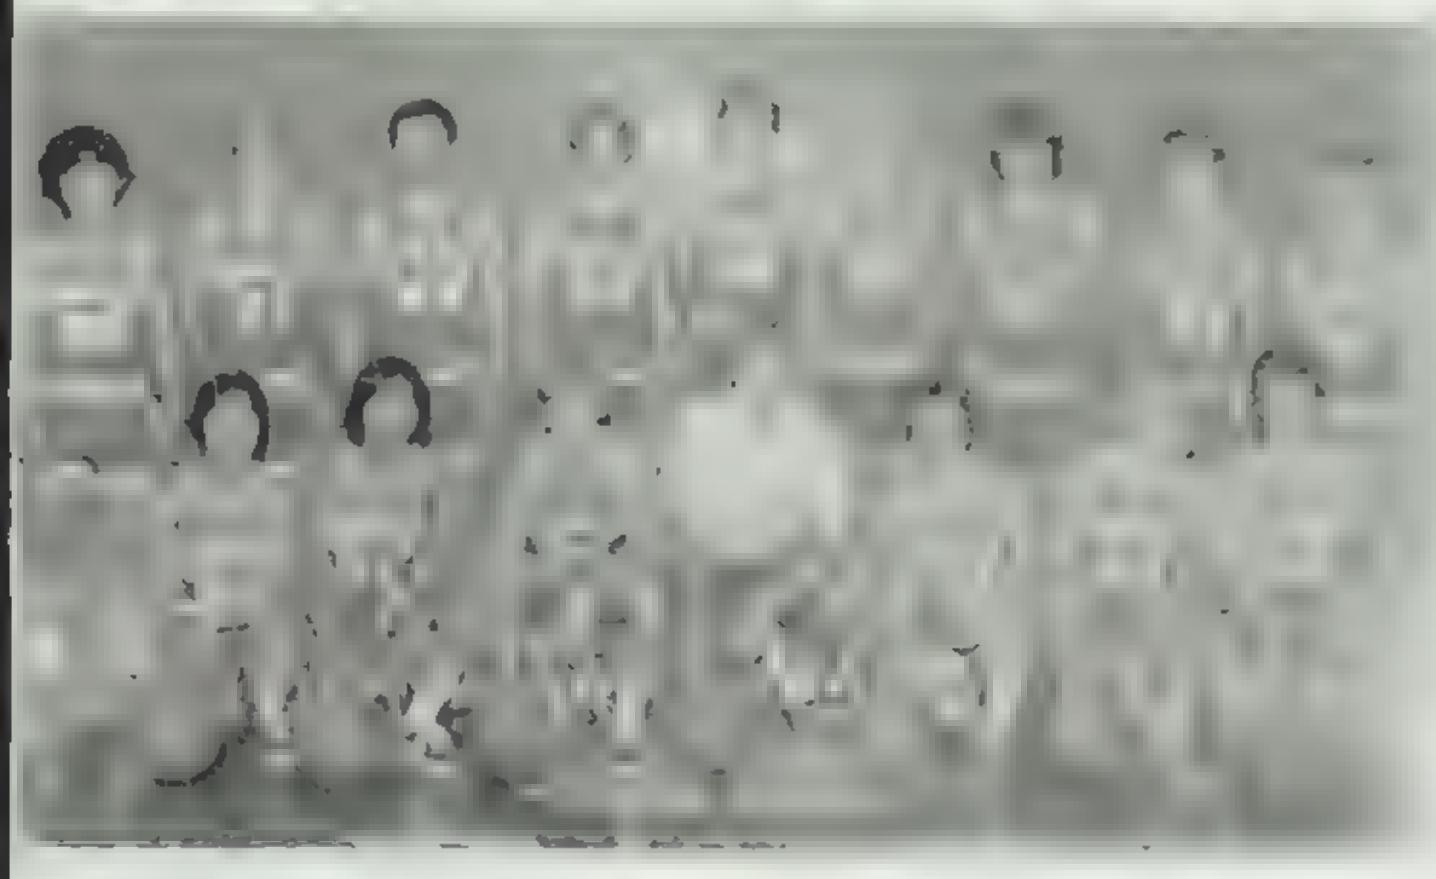

The J.V.'s, hampered with only eight players, dropped to third place with an 8-6 league record but received outstanding play from forward Kevin Boyce and guard Craig Sorbom. Sorbom, the team's leading scorer, could pop from 18 feet, while Boyce, probably the team's most aggressive player, was often found scrambling for loose balls and getting the offensive rebound.

We thank our lucky stars

Producing a yearbook is a great responsibility for any staff, let alone an inexperienced one such as ours was. Meeting those publishing deadlines are tough. To say a few words about our theme, it was the toughest decision that the staff had to make. Second, in choosing a theme one has to have a topic that students ranging from athletics to music to math to English could associate with. Words then must make it fit together. We feel that "Stars" gave us that universal effect we were looking for.

We'd like to thank the whole staff for such a super job. To point out a few that haven't been mentioned: Teri Benson, Tina Henry, Doreen Niday and Susan Johnson for good jobs in their sections.

Much gratitude to advisor Skip McDowell, who didn't realize he was going to be sent on "mission impossible" until the first week of school, and to Don Moore for his valuable time and efforts. Special thanks to our photographers, especially Karl Ramm and Keith DeBoom, for all of our fabulous color (which they did themselves) and to David Brown and Ron Melles for special effects. And to Mark Avery we extend a special thank you for his efforts and leadership, and for his contributions in art and photography. He was our MVP.

Many thanks should also be extended to Tom Obbema, David Bybee, David Palmer, Joni Cummins, Jeff Alario and Jim Vilain for photos.

P.S. If we forgot to mention names we should thank (including the faculty who cooperated with us), we are sorry — but this sign-off must make the deadline immediately.

Bob,

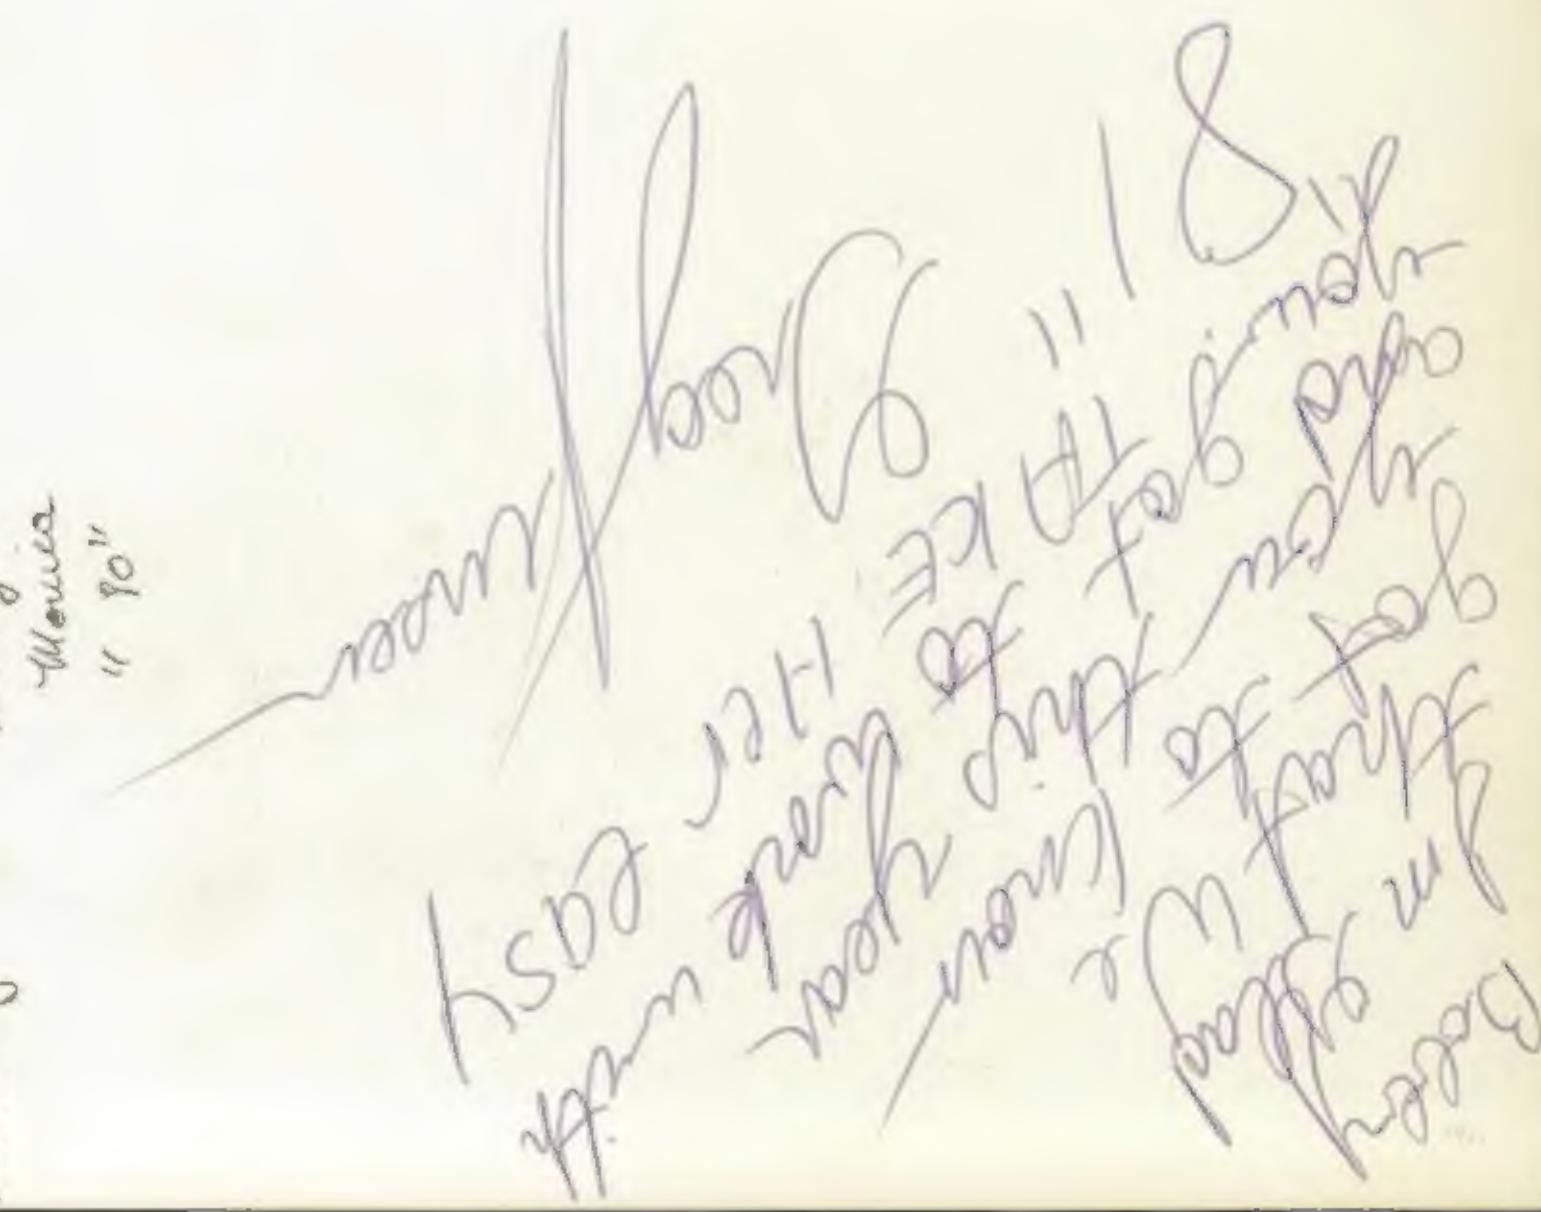

I really had fun in Spanish this year. Maybe we should take it again next year. Maybe I won't have my little problem next year and we can spend more time having fun. A year of (it) can be a little tiring. I hope that our love lifes can pick up a little over the summer. I will have to go to the bowling alley with you some time this summer. Maybe I'll meet someone too. San Diego was fun, and I should have pushed you in the pool with your camera. You was fun and I hope we do it again. See you this summer, and have fun as co-captain in drill team next year (if we have one). I think you guys will do a great job.

Your friend always,

Karen

Dobby:

I had such a good time with you in Drill Team and I'm glad you made Co-Captain next year. So stay sweet and nice. Keep smiling.
Love you,

Bobby,
Sorry about keeping
you waiting, but I had to
write in another annual. Well,
how did you like this year? I loved
it! Hope you had as much fun.
Are you ready to handle being a
sophomore? Oh, you didn't know?
Well, I hope this isn't a shock
but you're not a freshman
anymore. Now, don't
cry! It's not that
bad, is it? Don't
worry it's not hard
being a sophomore.
It's really easy. Don't
worry you'll see.
Yours
Sean Edwards
P.S. Stay on

Boffie, you are a nice person
but you are weird and
crazy. Hope you have fun in
10th grade I know I did.
Have a fun summer and
all your life. Have
fun with the guys
